Today, it is more critical than ever that we address the deeper causes of international poverty and work to create a system of just responsible finance, one that benefits the entire population, not just the few. Jubilee USA Network brings people together through active solidarity to turn these realities around.

Join Jubilee USA Network and Jubilee Massachusetts as we bring you **Dakarayi Matanga**, Zimbabwean scholar and activist and Executive Director of the Zimbabwean Coalition on Debt and Development (ZIMCODD)! He will raise awareness about global economic policies that entrap the Global South in poverty. He will speak about the history of the debt crisis, current efforts for greater transparency and accountability, the movement for just practices and broader global economic justice.

Dakarayi Matanga, Director
of ZIMCODD
