2019 [Co-hosted by London Borough of Waltham Forest](#)

2018 [Co-hosted by Cardiff City Council](#)

2017 [Co-hosted by Birmingham City Council](#)

**Southampton** has announced that it is rolling out 20mph across much of the city. With Brighton and Portsmouth, that means that 3 cities on the south coast are now 20mph places.

**Hereford** is to be the first place to go wide area 20mph in Herefordshire.

**London** – TfL is making key Red Route roads in Westminster 20mph in March including Victoria Gyratory, Hyde Park Corner, Marylebone Rd and Park Lane. Works include new speed limit signs and road markings PLUS recalibrating all speed cameras to enforce the 20mph limit.

**International wins.** 20mph and 30km/h limits continues to be a key component of the UN's 2<sup>nd</sup> Decade of Action on Road Safety. In USA many cities are now reducing their previous 25mph residential limits to 20mph. Spain is now stepping up its enforcement of its national 30km/h urban limit. There is a trend in Europe for cities to be able to implement 30km/h as a norm. There are also [calls](#) to reduce speed limits to 80km/h (50mph) on motorways and 30km/h (20mph) in towns to reduce dependency on Russian Oil.

**County campaigns:** Welcome to our new county campaigns in Worcestershire and Leicestershire. Our next county Zoom is Thurs 5th May 7.30pm. Please put the date in your diary now. Zoom [Link](#)
