## **Useful information for Campaigners**

**20's Plenty** has over 620 campaign branches. Do please tell friends to join and they can get free [sticker samples](#). Each local activist's main task is to prove 20mph is popular locally. Parish, town and ward votes are making support tangible to politicians.

**Parish and town councils.** Win by showing 20mph is wanted. Email the [briefing and template motion](#) to parish clerks/chairs or ask your Association of Local Councils (ALCs) to share it. Let us if you'd like us to help you present. "Why Parishes should vote for 20mph": 7 mins video [here](#)

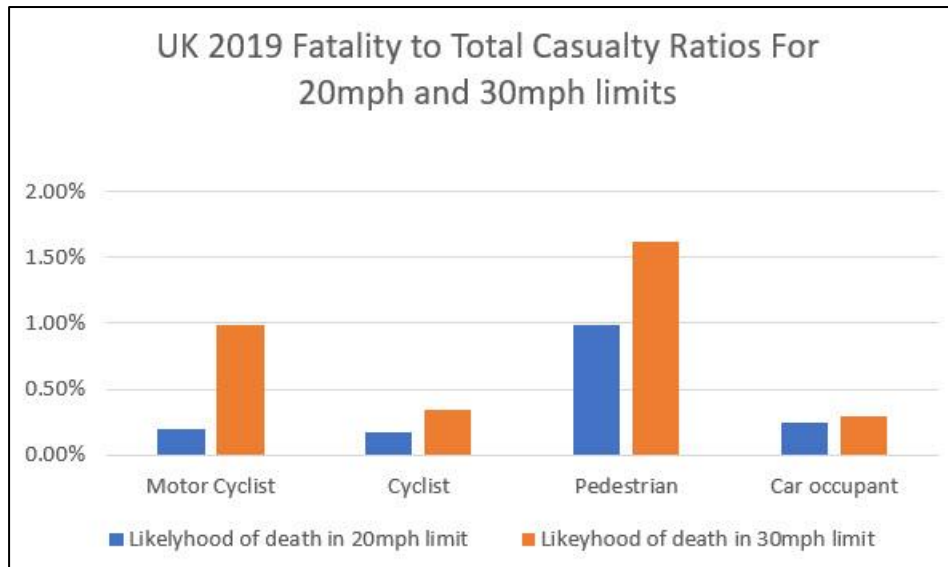

Anyone can ask Anna to help set up a **County Zoom** [anna.s@20splenty.org](mailto:anna.s@20splenty.org)

**20 @ 20. Free training zoom Wed 20<sup>th</sup> July 20:00.** Please register [here](#). It's a friendly get together where all questions are answered. We welcome newcomers and experienced campaigners. Next diary date for **county leads is Weds 6<sup>th</sup> July 7.30pm** – register [here](#)

**SpeedCam Anywhere - Smartphone Speed Evidence.** Download and use the App that gathers evidence of speeding for upload to police dashcam sites. See [press release](#) and how it works [here](#) Small charge for credits. Stand at roadside, watch for speeders and use your phone to take a video which you can then send to the police as evidence - with a report of speed analysed in the cloud. Read Rod's transcript aimed at police [here](#)

Rod has developed a **Google Map to show all the parish councils** that have passed 20mph motions. It's editable by **county level organisers** and a step-by-step guide is [here](#). Your map can then be inserted in websites, social media posts, etc. To create a map for your county please email [rod.k@20splenty.org](mailto:rod.k@20splenty.org) for a file that includes the county boundary and 20's Plenty icons.

**Using UK casualty stats for 2019.** The percentage of casualties being a fatality on roads with 30mph was higher than on a 20mph limit. Motorcyclists 393% higher, Cyclists 92% higher, Pedestrians 64% higher, Car occupants 22% higher.
