Details:

PURPOSE:

The purpose of this communication is to consolidate information related to the involvement of personnel and entities controlled by the Saudi Arabian Government (SAG), the Embassy of the Kingdom of Saudi Arabia (EKSA) and its affiliates within the United States with the attacks of September 11, 2001 (9/11 Attacks / PENTTBOMB). Such an analysis is deemed essential for future case agents of this program to understand the origin of the investigation. Due to the purpose noted, this document only discusses entities that are part of or closely tied to the Saudi Arabian government. Other aspects of the 9/11/2001 investigation are only noted if related to this purpose. This report should not be considered an intelligence assessment and is not intended as such.

Re: [REDACTED] (F) [REDACTED] 07/23/2021

An additional purpose of this communication is to document investigations and supporting documentation regarding the Saudi(Wahhabi)/Salafi/militant network that was created, funded, directed and supported by the KSA and its affiliated organizations and diplomatic personnel within the U.S. As Saudi government officials and intelligence officers were directly operating and supporting the entities involved with this network, their involvement with the activities of these organizations/individuals would logically be supposed to have the knowledge or concurrence of the KSA government. This knowledge and/or concurrence by the SAG is related to the 9/11 investigation not only be the direct involvement of some personnel but also via the creation of a larger network for such activities.

In addition, the below analysis will update information available on the ties of some of these entities to Saudi Arabian intelligence services. Much of the publically known information regarding the 9/11/2001 terrorist attacks was documented in the 9/11 Commission Report which was published in 2004. Thus much available information from subsequent and ongoing investigations was not noted in the Commission's Report. In addition, the classified "28 pages" was subsequently de-classified and investigations since 2004 shed additional light on the information that was contained within these 28 pages which were created in 2004 as part of the original Commission Report.

[REDACTED] (A), (G), (J-1) [REDACTED] there was located within the EKSA the offices of the Islamic Affairs Department and the office of Dawa (or Propagation). Investigation of the 9/11 hijackers and their support networks identified significant connections to these offices either directly or via the Saudi Arabian Consulate in Los Angeles. As such, a primary portion of this communication will focus on these offices and connections to the 9/11 hijackers. In addition, the SAG/EKSA was also involved with the funding and creation of a multitude of Islamic organizations, offices, imams and other religious figures within the US – many of which were involved with militant ideology. Several of these were known to be tied directly to Prince Bandar and/or were involved with the collection of information on US based Islamic entities. As the propagation of militant ideology would naturally provide justification for those who were in the hijacker's support network – these organizations will also be listed below (below is not an all-inclusive list as this would be too large.)

Administration:

[REDACTED] (G) [REDACTED] was originally formed as [REDACTED] (G) [REDACTED] in 2002 as a result of the PENTTBOMB investigation identifying connections between the 9/11 hijackers, their support network and individuals associated with the SAG. As is well known, 15 of the deceased 19 hijackers were from Saudi Arabia with a possible 20th - Mohammed Alqahtani - subsequently captured in Afghanistan and confined at Guantanamo Bay after unsuccessfully attempting to enter the US. At the time of creation of [REDACTED] (G) [REDACTED] there was [REDACTED] (A), (G), (J-1) [REDACTED] a few investigations of some Saudi Arabian
