Re: Request to Stand as Director

Please let my name stand on the ballot for Director of the Alberta Party.

The Alberta Party has chosen a direction that will benefit Alberta and Albertans – not a select few in government. In order to ensure the Alberta Party stays on the path, through what may be strenuous adversity, a strong and dedicated Board is required.

I have been involved in Federal and Provincial politics for a very long time and am committed to bringing progressive conservatism back to Alberta.

I have worked on Boards as President, Vice President, Fundraising Chair, and Member, and am well aware of the work involved in each of these functions. I have been on the CPC National Constitution Committee several times and am one of “those people” that actually read the Constitution.

I have been involved in election campaigns as Campaign Chair for both federal and provincial elections, and as provincial Co Chair for a Federal Leadership Campaign.

I believe my all round experience will be beneficial to the Alberta Party Board of Directors and look forward to continuing to work in that capacity.

I have a Facebook account, with Messenger; no other social media account.

Regards,

Debra Janzen

DEBRA JANZEN

High River, AB T1V 1H3
