

1. Which of these transportation funding priorities best represents your opinion?
 - a) "All of the above" - expand both transit and highway capacity in line with past practice
 - b) Shift priority toward transit
 - c) Shift priority toward highways

1. A

2. Do you support these proposed highway expansions?
 - a) Widening American Legion Bridge & adjoining section of Beltway with toll lanes
 - b) Widening I-270 with toll lanes
 - c) Widening the Beltway between I-270 and I-95 with toll lanes

2. The capacity of these roads must be addressed and we need more mass transit.

3. With sufficient Federal investment, MARC passenger trains could run all day, every day, both ways to Frederick, Brunswick, and Hagerstown.
 - a) Do you support all-day MARC train service?
 - b) Will you make running more trains on the MARC line a higher priority than additions to highway capacity?

3. YES!!!

4. When Congress reauthorizes the Federal transportation program, will you vote for these changes?
 - a) Dedicated funding for transit operating costs to support more frequent service.
 - b) Require states to make their highways safer for all users, with states that fail to meet safety targets required to spend a portion of their Federal highway funding on safety infrastructure.
 - c) Require FHWA to crack down on use of inaccurate models to justify highway expansions.
 - d) Give preference in award of Federal transit grants to places that adopt policies to promote transit-oriented development, such as abolishing parking minimums and legalizing duplexes & townhouses in single-family zones.

4. Absolutely
