KEY (what “+” means)

Transit before highways: Supports frequent buses and trains and opposes all or most highway expansion boondoggles.

Housing near transit: Supports building more housing near transit.

Walking, cycling, rolling: Wants to make walking, bicycling, and other non-motorized transportation safe and convenient, even if it slows down car traffic.

All day MARC: Will prioritize running MARC trains all day, every day, both ways, to Frederick, Brunswick, and Hagerstown.

Reform transport funding: Will vote for pro-transit changes in Federal transportation funding rules.

ABOUT THIS SCORECARD

Ratings are based on past record in office, questionnaire, and public statements. A blank rating means a candidate’s position on the issue was unclear, mixed, or could not be found.

For Congress and Maryland Legislature, only selected races are shown. We tried to include the more important contests.

Candidates who are unopposed in their primaries, or did not respond to our questionnaire and didn’t take clear positions elsewhere, are not shown.
