MORE TIME FOR TEACHERS FOR EVERY CHILD

The future funding of every public school is being decided in the next year.

It's a once-in-a-generation chance to secure full funding for every school.

Full funding means more support in the classroom and more time for lesson planning and collaboration.

Full funding is an investment in **you**, your **students** and your **school**.

What full funding means for teachers:

- More education support staff in the classroom
- Smaller class sizes
- Intervention programs for students falling behind
- More time for lesson planning and collaboration
- Additional administration staff so workloads can be cut
- Better support for students with learning difficulties, disabilities and complex needs

We need your help to make sure the politicians deliver full funding for every public school.
