VOTE **1** ANIMAL JUSTICE PARTY

Here's what we've won so far...

The Animal Justice Party has three state MPs and two Councillors.

In NSW we've passed more private members' bills than any other party. **No one is fighting harder than us!**

In NSW our MPs have:

- Outlawed convenience killing in pounds
- Ended the use of dolphins and whales for entertainment
- Secured over \$70 million in funding for:
 - Animal cruelty enforcement
 - Animal rescue groups
 - Mobile vet clinics to help animals in fires and floods,
 - Treatment of wombat mange

There are no wasted votes in the preferential system.

Animals can't afford to be put second. Give Animal Justice Party your #1 spot. If we don't get in, your full vote goes to whoever you put #2.

Protect our beautiful community in Blacktown – people, animals and nature

Blacktown is a hotspot for development – causing biodiversity loss, habitat destruction and injured and distressed wildlife. We also need to help our residents and their companion animals through this economic crisis.

A vote for Emma Kerin is a vote to:

- ▣ Protect our remaining bushland from commercialisation and mismanagement
- ▣ Promote habitat protection in backyards with free community resources
- ▣ Strengthen animal protection laws prioritising native wildlife
- ▣ Increase charges for animal cruelty and irresponsible pet ownership
- ▣ Bring in Veticare – like Medicare for animals. Being on a low income shouldn't mean your companion animal suffers
- ▣ Protect renters' right to have pets and allow pets on public transport – these are real issues during this cost-of-living crisis
- ▣ Free desexing and microchipping to counter the crisis of homeless cats and dogs.
