Dear Jacob,

I hope this letter, regarding the upcoming Bureau elections to be held at the ALDE Congress, finds you well. For the Bureau election, Momentum Movement wishes to formally nominate and endorse Dániel Berg, acting Vice-President to run for the renewal of his mandate.

Dániel plays a key role in Momentum's international and European growth and in the last years he proved to be an essential asset to the party. I strongly believe that Dániel's achievements as ALDE Vice-President since 2019 proves he is fit for the role. During his tenure he managed to extend ALDE's international network and deepen his competency on European policy issues. His work in coordinating ALDE Individual Members and the cooperation with the IM Steering Committee represents his commitment to bring forward our party family's mission. His experience and first-hand knowledge from Momentum proves to be a great benefit to the ALDE Bureau in the region.

Dániel is a committed European politician who was the driving force behind establishing relations with ALDE and its member parties and oversaw the accession process. We will not forget his contribution to our successful 2019 European Parliament campaign, where he contributed to our breakout success as the Campaign Manager for Katalin Cseh, our lead candidate and member of ALDE Team Europe.

I truly believe that Dániel's renewed mandate will play a critical role in the next years in the region. The recent successes in Slovenia and France against nationalist populism left Poland and Hungary the main threat for European integration. Especially Hungary, where Orbán just renewed his illiberal mandate in recent elections. ALDE must be the spearhead of progressivism against inner and outer opponents of Europe, and Dániel, thanks to his determination and his experience, will be a key asset for ALDE in this endeavour.

If you have any further questions regarding the nomination, please do not hesitate to contact me. I look forward to seeing you at the Congress in Dublin.

Sincerely yours,

Anna Donáth
