My Priorities as the ALDE VP:

- **Ukraine needs to be represented**

Enhance the role of the Eastern European and Western Balkan countries that share liberal values in ALDE's decision-making and ensure their permanent representation and involvement in the EU's political agenda.

- **Women leadership in liberal party**

Ensure that women of the ALDE Party have equal access to political decision-making, policy formulation, and governance at all levels and all stages. As the institution promoting gender equality in European societies, we must be the first to achieve it.

- **Balance between regulation and innovation**

Encourage implementation of digital solutions to strengthen public policy with due regard to the right balance between legal framework and emerging technologies based on Ukraine's broad experience in digital transformation.

My Priorities as the ALDE VP:

Innovation.

International Cooperation

As a VP nominee, I intend to strengthen international cooperation to unite the democratic nations of Europe and our partners all over the world.
