Dear Co-Presidents,
Dear Timmy and Ilhan,

It is my pleasure to put forward the candidacy of Open Vld's International Officer and former Belgium's Federal State Secretary of Budget and for Consumer Protection Eva De Bleeker as Open Vld's candidate for the position of ALDE's Treasurer.

In these challenging times Open Vld, one of the founders of ALDE-party, finds it important that ALDE fortifies its position in the European political scene as a key-player. As a liberal family we are well represented and organised in the European Commission, European Parliament and European Council. Our visibility as the European liberal party can be even more enhanced and attract more voters and influence to our member parties.

I am convinced that Eva with her background, network and interests will be of extra value towards attracting women and young people towards our family. As for her position in the Belgian government it will be an added value also to the workings of ALDE and, knowing her energy and will to work, I am persuaded that she will optimally combine both positions.

May I ask our sister organisations to vote for her candidacy?

Sincerely Yours,

Egbert Lachaert

President Open Vld
