JOIN THE MOVEMENT TODAY!

THE MISSION OF AMERICANS FOR SAFE ACCESS (ASA) IS TO ENSURE SAFE & LEGAL ACCESS TO CANNABIS FOR THERAPEUTIC USE & RESEARCH

ABOUT US

ASA was founded in 2002, as a vehicle for patients to advocate for the acceptance of cannabis as medicine. With over 150,000 active supporters in all 50 states, ASA is the largest national member-based organization of patients, medical professionals, scientists & concerned citizens promoting safe & legal access to cannabis for therapeutic use & research.

ASA works to overcome political, social, & legal barriers by creating policies that improve access to medical cannabis for patients & researchers through legislation, education, litigation, research, grassroots empowerment, advocacy and services for patients, governments, medical professionals, & medical cannabis providers.

ASA & our members have moved public opinion & policy forward by incorporating strategies across many disciplines. ASA brings together patient advocates, policy experts, public health experts, attorneys, lobbyists, scientists, industry associations & medical professionals to create the campaigns, projects, & programs that break down political, social, academic, & legal barriers across the US.

A NOTE FROM ASA FOUNDER, STEPH SHERER

Thank you for taking the time to learn more about Americans for Safe Access (ASA) & how you can join us in this very important mission. Our sponsors have made this work possible & are truly the engine behind the expansion of patients' rights & access to medical cannabis across the globe.

ASA sponsorships offer a pathway to fund the movement & leverage resources toward our mission. Our sponsorship program was created not only to raise funds for our campaigns, projects & programs but also to promote organizations & businesses that support our work. Sponsors receive discounts on services, advertising, publications & events while benefiting from ASA-generated publicity, marketing & brand exposure.
