

ANNE COTTRELL: PLANNING FOR A RESILIENT, SUSTAINABLE FUTURE

DEAR NEIGHBOR,

Napa County is my home — it's where I was born, grew up and am now raising a family of my own. I care deeply about this valley and the people who live and work here. Supervisor Dillon appointed me to the Planning Commission in 2014, and since then, I have listened to — and learned from — people from all parts of the county, and I have built an understanding of the strengths and issues we share.

Napa County faces many challenges today. Wildfires pose an existential threat to our communities and our local economy. Climate change and drought present ongoing risks to our water resources. And our scarcity of affordable housing makes it hard for our local workforce to live in our county. We need a long-term vision and a balanced approach to address these issues. And we need to work together!

As your representative on the Board of Supervisors, I will work every day with residents and leaders to realize our vision of a sustainable, resilient future for Napa County. With my legal background, my experience on the Planning Commission and other community groups, plus my long-term connection to the people and places of the upvalley, I have the skills, knowledge, drive and dedication to lead our county into the future.

Join me!

Sincerely,

Anne Cottrell

ANNE COTTRELL

ANNE HAS PLANS

As supervisor, Anne will work to:

Create a comprehensive plan for wildfire preparedness, response and recovery

Support safe, clean water and prevent water shortages

Develop affordable housing solutions that serve our local workforce, and advocate for a more inclusive and equitable community

Tackle climate change through a coordinated regional effort

Protect the Ag Preserve, and promote the long-term health and sustainability of our agricultural, winemaking and hospitality industries

Improve communication and build community throughout the upvalley and the county as a whole

GET TO KNOW ANNE

- Born and raised in St. Helena where she and her husband, Doug Cutting, are raising their three sons
- A graduate of St. Helena High School, Yale University and UC Berkeley School of Law
- As an attorney, specialized in land use and natural resources management
