JOIN A
BEST FOR BRITAIN DONOR CLUB
Thanks to people like you Best for Britain has evolved to become the largest non-partisan campaign group in the United Kingdom. Without your support we couldn’t deliver our programme of events, lobbying, research, publications, polling & activism. 2020 was a tough year for all organisations, but particularly those that rely on donations, from those committed to changing our country, and our planet, for the better. By joining one of our donor clubs you are helping us do more with less; the regular income we receive allows us to budget better and make more change. From all of us at Best for Britain, and our network of volunteers, campaigners and parliamentarians - thank you.

NAOMI SMITH
Chief Executive, Best for Britain
WHO ARE THE BEST FOR BRITAIN?
BECOME A FRIEND

£1,000 per month
or £10,000 per annum.

Becoming a **Friend of Best for Britain** is a commitment to our mission of striving for the best social, economic, environmental, and democratic outcomes for the British people. Like us, you believe this requires re-engagement with Europe, open, **internationalist** policies, and co-operation with business, **all parties** in parliament, and like-minded groups.
When you become a member of The Circle you are joining a group of internationalist, outward looking entrepreneurs and philanthropists committed to improving the lives of those living in the United Kingdom and around the world. Whether you are driven to join because of our commitment to democracy, our work on climate change, or our expertise on international trade, business and how it intersects with social issues, you are making a real difference to support people who share your values get elected, or who are already inside parliament.

£2,500 per month or £25,000 per annum.
If you’re not quite ready to become a member of one of our donor clubs yet, join the hundreds of people donating to Best for Britain regularly. Your support is the lifeblood of our organisation and helps us to campaign on the social, political and trade issues that you care about. Whatever your contribution, on behalf of our volunteers, campaigners and parliamentarians - thank you!
HOW WE SPEND YOUR DONATIONS

- Lobbying
- MRP Polling
- Digital Ads
- Publications
- Cross Party Negotiation
- All Party Parliamentary Groups

All donations to donor clubs are suggested amounts. Please contact us if you would like to give a different amount. During regulated election periods the law says we must make sure all donations of £500 or more are from people who are registered to vote in the UK, or companies that are registered and conduct their business in the UK. That’s why we ask for your address and a phone number. If the same person donates more than once and their donations add up to more than £500 in the same calendar year, the same rule applies. Donations over £7,500 must be published by the Electoral Commission. Donations we find to be inadmissible may have to be returned. Outside of election or referendum periods we welcome donations from anyone who wants to help Best for Britain. Donations are NOT tax deductible.
