Re: STRIKE VOTE RESULTS!

Many thanks everyone for coming out to yesterday's Auburn Seniors Village strike vote. 90% of the membership turned out to cast ballots, with 100% voting yes to potentially going on strike to get an agreement that fairly recognizes the important work that all of you do. Well done everyone!

Today your bargaining committee is in mediation with your employer, and they have let the employer know loud and clear about yesterday's vote. Hopefully they will come to the table today with something serious!

Keep checking your emails for more updates, and let's all stay united during this important time!

In solidarity,

Your Bargaining Committee:
