

Living Proudly, Living Longer

We empower LGBTQ+ people with the information and resources needed to quit tobacco use. We educate youth on tobacco prevention and health advocacy training. We partner with pride organizers and employers to create more affirming spaces free from secondhand smoke.

Be PrEPared

We educate community members about PrEP, a medication used to reduce risk of HIV infection. We also connect community members to prescribers of PrEP who have been trained in LGBTQ-affirming conversations on sexual health.

Healthcare Enrollment Assistance

Our licensed Pennie healthcare enrollment assisters reduce health disparities by empowering more LGBTQ+ people to access affordable health insurance and utilize affirming primary care.

connecting people to health coverage

Preventative Care

We educate community members about critical cancer screenings and life-saving vaccinations, connecting them to LGBTQ-affirming service providers.

Medical Marijuana Enrollment Assistance

Our Community Health Advocate offers assistance in registering in the state's medical marijuana program. This program is intended for PA residents with a qualifying medical condition.

Infoline and Referrals

(610) 347-9988 x200

Referrals@BradburySullivanCenter.org

Call our LGBTQ+ Infoline with questions about:

- Existing non-discrimination laws that may provide recourse for an employee or tenant.
- Businesses and organizations in the Lehigh Valley with non-discrimination policies.
- Referrals to LGBTQ-friendly professional service services or providers (including: accountants, attorneys, real estate agents, and doctors) in the area.
- Upcoming LGBTQ+ events in our community.
