ANNUAL  
REPORT**

On behalf of the Board of Directors, we are so proud of the growth of Bradbury-Sullivan LGBT Community Center since we opened in 2016 and the impact the center is making every day. It fills us with pride to see the Center brimming with the life and energy that our community brings in.

I volunteer as a board member because I believe that everyone deserves to be themselves, inside our four walls or out, and that's a promise the Center works to deliver on every day. **The support from our community shows that by working together, even taking just small steps together, we can achieve so much.**

Patrick Fligge, Board Chair

2019 was a year for the record books for Bradbury-Sullivan LGBT Community Center. Thanks to tremendous community support, we eliminated our mortgage after only four years. We produced 53 free arts and culture programs, offered 13 monthly supportive services, and served more than 500 LGBT youth in our after school drop-in program. What's more, we sued the Trump Administration to block the denial-of-care rule, we produced a pride festival with a special focus on accessibility and inclusion for people with disabilities, and we continued to lead the way toward LGBT health equity. **The work of this organization is making a profound difference in the Lehigh Valley, in Pennsylvania, and beyond. The COVID-19 pandemic means that our work is needed even more than ever.**

Adrian Shanker, Executive Director
