Welcome to the 30th Anniversary of Lehigh Valley Pride!

Today we are celebrating the Lehigh Valley's beautiful and vibrant LGBTQ+ community - our community. We are celebrating 30 years of love, 30 years of Queer Joy, and 30 years of Lehigh Valley Pride.

Our team at Bradbury-Sullivan LGBT Community Center has worked tirelessly to bring you the Lehigh Valley's largest and most inclusive Pride festival to date! We've learned from the early leaders of our movement that when we stand shoulder to shoulder we build an ever-stronger and more diverse community.

I was born and raised right here in the Lehigh Valley, and I know just how important celebrations like Lehigh Valley Pride can be for young, queer kids living in the Valley. Today they get to witness the joy of community, as thousands of LGBTQ+ people come together to celebrate as their authentic selves. They get to see their future selves - they get to see what's possible.

The monumental achievement of Lehigh Valley Pride's 30th year is not lost on us at Bradbury-Sullivan Center - I want to thank all of the community leaders and organizations who have played a role in making Lehigh Valley Pride a cherished tradition over these past 30 years. We would not be here today without your hard work.

Bradbury-Sullivan LGBT Community Center is a radically inclusive Queer space based in the Lehigh Valley. Our Center fosters Queer joy & liberation. Prioritizing the most marginalized populations throughout Pennsylvania, we provide innovative programs, services and experiences for our LGBTQ+ siblings through connection, education, culture and healing.

We envision a community who demands equity and creates a pathway for LGBTQ+ people to thrive and experience Queer joy.

The entire Bradbury-Sullivan Center team is here today, and we have tables all throughout the festival grounds, so please feel free to chat with us if you'd like to learn more about our Center or get involved with our programming!

And please consider donating to our Center today so that we may continue to provide safe and affirming community-building services and have another 30 years of Lehigh Valley Pride!

I am so excited for you all to see the hard work of my team come to fruition and to experience the Joy that comes when our community gathers together in the spirit of true Queer love. Please be sure to wander the festival and check out all that we've put together for you. Thank you all for celebrating with us, and happy Pride!

**- Ashley L. Coleman** (*she/her*)  
Executive Director,  
Bradbury-Sullivan LGBT Community Center

Thank you for joining us at the 30th Anniversary of Lehigh Valley Pride!

I am thrilled to be able to spread Queer joy throughout the Lehigh Valley this year and expand our celebration to include a flag-raising in Easton and a parade in Allentown. I am proud to be part of the growth of this event and to provide resources to members of our community who might not have had access to them before.

One of my favorite parts of Pride is seeing Queer families enjoying a safe and welcoming space. Watching Queer families play, laugh, and enjoy one another warms my heart and brings me to happy tears. Too often, we do not see Queer families represented or existing happily in the world. Today allows families to be themselves in a safe and inclusive space. That is why, at today's festival, I am most excited for you all to get to experience Youth and Family spaces and programming!

As a Queer person, it is my mission in life to exist in spaces that are not Queer. I am not afraid to be out, open, and loud about my Queerness, even in places where it may be unfamiliar. Creating a space where our community can be safe and comfortable in their authenticity brings me joy, meaning, and purpose.

I am incredibly grateful for the public servants of Allentown, Bethlehem, and Easton, who have worked diligently to help us orchestrate and execute all our Pride events. Thank you to our volunteers; it takes a community to make an event of this scale possible, and we are so grateful that you took time out of your busy schedules to support us.

# Say Their Name Memorial

## Trans Lives Lost Memorial Art Installation

In the past 30 years, too many of our transgender, non-binary, and gender expansive siblings across the state have lost their lives to violence. Unfortunately, hundreds but more likely thousands of deaths are unrecorded due to identity erasure and systematic oppression. Today we say their names, so they cannot be forgotten.

In celebrating 30 years of Pride here in the Lehigh Valley, we must also mourn 30 years of lives lost. Through a memorial art installation at Lehigh Valley Pride 2023, we honor and remember lives taken from our community; not just the names we know but also those who are unknown.

The data for this project was collected from a variety of sources including Eastern PA Trans Equity Project, HRC, GLAAD, and more. To create the statistics we share here, our team considered hundreds of records from these sources. We considered the details shared about our lost community members, the context in which they lost their lives, and location so that we could specifically highlight members of our Pennsylvania LGBTQIA+ community. The methods for data collection and analysis are presented below.

From 1993 to 2023 at least 618 transgender, nonbinary, and gender expansive people have been murdered or died due to homicide, or violence, or negligence in the United States. Of those lives lost, 432, and possibly more, were people of color with black, latin, Asian, or indigenous heritage. We acknowledge that this is likely an underestimate, as information on race and ethnicity is often not available in records of these deaths. For 112 victims included in this memorial, our team did not have information about the victim's race or ethnicity.

We have lost 27 transgender, non-binary, and gender expansive members of our community to violence here in Pennsylvania. At least 24 were people of color.

## In Memoriam
