

Vote **1** **ZaliSteggall** OAM MP

FEDERAL MEMBER FOR WARRINGAH

Catch The NEW WAVE

Hello, I'm Zali Steggall and three years ago you elected me as Warringah's independent MP.

You wanted me to act on climate. So I introduced the Climate Bills into parliament.

You asked me to do something about political integrity. So I seconded the Federal ICAC bill and introduced a Truth In Political Advertising Bill.

You were outraged at the treatment of women, I strongly pushed for the amendment of the Sex discrimination act to prohibit sexual harassment in every circumstance, including our parliament.

Our ocean-loving community opposed oil and gas exploration off our beaches (PEP-11). So I introduced the Bill to stop it.

And when I answered the call to help 100 female athletes and their families flee persecution in Afghanistan, you were right behind me.

Putting your views and values first

I've held the major parties to account on aged care, mental health, disability reform, integrity and climate. Your vote has achieved all of that.

But there is much more to be done. Australia has the tech, the smarts and the natural resources to emerge as a regional powerhouse as we transition to a carbon neutral economy.

I have the passion and the policies to make sure we catch this new wave of opportunity. I just need your vote.
