“ Britain First is a patriotic political party made up of ordinary working class patriots who oppose the politicians who are destroying our country.

We are not going to stand back and watch as they dismantle our nation. We are mobilising to take our country back because we are British and proud! ”

BRITAIN FIRST

Building a future for British children

JOBS FOR BRITISH WORKERS ✓

Immigration brings in cheap labour which leaves our workers unemployed. Enough is enough!

TACKLE ISLAMIST EXTREMISM ✓

We have had enough of terrorism, Sharia Courts, hate preachers and halal slaughter. It's time to clamp down on extremism.

STOP IMMIGRATION ✓

Britain is full up. Immigration is out of control. It is time to close our borders and start remigration!

CHARITY BEGINS AT HOME ✓

We will put our veterans and elderly ahead of migrants. We will end 'foreign aid' and spend British taxes at home.

CHRISTIANITY RESTORED ✓

We will restore our Christian faith, including Christian school assemblies and moral values.

BRITISH AND PROUD ✓

We want British history and traditions to be taught in schools and promoted by the media.

“ The Westminster politicians look after migrants better than our own homeless veterans ”

Tom, Leicester

“ I have had enough of our people being treated like second class citizens in our own land ”

Sharon, Worcester

“ All the politicians do is lie and line their pockets. Britain First is a party of the people ”

Tim, Birmingham
