ILLEGAL IMMIGRATION **FACTS:** **FAKE** ASYLUM SEEKERS

The 'asylum seekers' that are crossing the Channel are not 'refugees'. They are overwhelmingly working-age men who have passed through peaceful countries to get to 'Soft Touch' Britain because they get looked after by our government.

£5 **BILLION** WASTED

It has been widely reported in the media that the UK taxpayer is spending around £5 billion every year just on migrant hotels and camps. This money could be spent on homeless veterans, heating for our elderly and much more.

BLAME THE **POLITICIANS**

The blame for the growing migrant crisis in the English Channel must be pinned on the Tory and Labour politicians who have facilitated the immigration invasion of Britain, despite making promises to the contrary. They have never stopped any of the boats.

WE WILL **DEPORT** ALL ILLEGAL MIGRANTS
