

*“**The Sequel** explores the work of environmental economist **David Fleming** and the vibrant **Transition Movement** his ideas inspired...Reminding us that our post-industrial socioeconomic systems are finite and that other ways of living are not only possible but inevitable, **The Sequel** is a sure catalyst to discussion and action.”*

—Dr. Anna J. Willow, Assoc. Prof. of Anthropology, Ohio State University

# the SEQUEL

what will follow  
our troubled  
civilization?
