(02) Roles (2 min)

Facilitator: June Brashares

Minutes taker: Mimi Newton

Time keeper: Eric Brooks

Vibes Watcher: Deatra Cohen

Approved by consensus.

(03) Approval of agenda (2 min)

Sponsor: Mica Daniel, Bert Heuer

Proposal: Approve the agenda (draft II sent to CC by Vic Ashley on 1/7/18 at 9:41 pm)

Late items will be taken up after the regular agenda.

Eric Brooks will pull his item # 12.

A question was raised about the difference in the original agenda and the latest version. The answer was that there were Committee appointments, reordering of Items and some things were fleshed out.

Mike Feinstein asked why his item can't be voted on as part of regular agenda - answer is that late Items will be voted on after regular agenda approval.

Mike Feinstein will stand aside for the moment - he states that the process seems backwards and that he will send his concerns to note taker but this is non-controversial. [N.B. The note taker received no information about concerns from Mike on this issue as of 1/26/18.]

Regular agenda approved by consensus.

Late Items - Setting a CC Calendar:

Mike Feinstein states that the Bylaws require we set a CC calendar and he posted a draft. Requests we hear the item after appointments.

Proposal is to add this as a new item 10.b.

Approved by consensus

(04) Decision: Approval of prior month's minutes (2 min)

Sponsor: Bert Heuer, Mica Daniel

Proposal: Approve the minutes for the December 4, 2017 meeting as recorded by Ann Menasche

Reference: Email with draft Minutes, as revised, was sent by Mimi Newton on behalf of Ann Menasche on 1/8/18 at 6:29 pm (Reflected here at Appendix K).

There was a discussion about whether we should vote on the Minutes given the late emails about them.

Outstanding concerns about approval of Minutes by Mike Feinstein, Ajay Rai and Eric Brooks. Mike is not willing to stand aside.

Mica (as sponsor) - pulling the item, which we will reagendize for the February CC meeting.

(05) Announcement: Consent Calendar (2 minutes)

Sponsor: Co-Coordinator

Background and Purpose: The consent calendar is intended to pass non-controversial items or items consented prior to the actual meeting. Any item may be objected to and that item will be placed at the end of the evening's agenda.

(07) Proposal (Decision Item): Appoint Steve Breedlove to the Bylaw Committee (5 minutes)

Sponsor: Mimi Newton

Background and Purpose: Steve Breedlove is applying to the Bylaw Committee per his application below.

Proposal: That the CC discuss and make a decision on Steve Breedlove's application to be appointed to the Bylaws Committee.

Application: Appendix G

SusanChunco - there was a typo in the proposal. (Fixed.)

Erik Rydberg - Affirmation - Steve has been very active in helping Counties set up Bylaws & he's a master!

No concerns.

Approved by consensus.

(08) Proposal (Decision Item): Appoint Eric Luna to the IT Committee (5 minutes)

Sponsor: Sadie Fulton

Background and Purpose: Eric Luna is applying to the IT Committee per his application below.

Proposal: That the CC discuss and make a decision on Eric Luna's application to be appointed to the Finance Committee.

Application: Appendix H

There was a discussion about the qualifications needed for the IT Committee and it was suggested that we need people who can manage and maintain the technical infrastructure of our sites. Others offered affirmations of Eric Luna's qualifications.

A question arose about how many vacancies there are currently on the IT Committee. There are currently 8 Members with one term ending Jan. 2018.

Ajay Rai - A content provider is not what we need and two other people could help out and Eric Luna can participate on the committee and would have wanted to see more about his skills than what is in his application.

Eric Luna - talks about his experience with technical management/maintenance and answers Ajay's questions about coding, database servers, etc.

Ajay - outstanding concern - not willing to stand aside.

A vote by the CC on the proposed appointment of Eric Luna to the IT Committee followed:

YES VOTES (14): Victoria Ashley, June Brashares, Eric Brooks, Deatra Cohen, Susan Chunco, Maxine Daniel, Angelica Duenas, Sadie Fulton, Eric Luna, Mike Murphy, Mimi Newton, Erik Rydberg, Laura Wells, Stephen Zollman

NO VOTES (2): Mike Feinstein, Ajay Rai

ABSTENTIONS (1): Sanda Everette

NOT PRESENT FOR VOTE (6): Doug Barnett - no answer (as of 8:19), Marla Bernstein - no answer (as of 8:19), Mike Goldbeck, Bert Heuer, Tarik Kanaana, Ann Menasche

The proposal passes (majority needed per CC Internal Procedure 6-4 [amended 4/2017]).

(09) Proposal (Decision Item): Appoint Gloria Bram (Orange County) to the Finance Committee (5 minutes)

Sponsor: Mica Daniel

Background and Purpose: Gloria Bram is applying to the Finance Committee per her application below.

Proposal: That the CC discuss and make a decision on Gloria Bram's application to be appointed to the Finance Committee.

Application: Appendix I

A discussion regarding whether or not to appoint Gloria ensued, where some people offered affirmations and others expressed concerns.

Outstanding concerns - Erik Rydberg is not willing to stand aside.

A vote by the CC on the proposed appointment of Gloria Bram to the Finance Committee followed:

YES VOTES (5): Marla Bernstein (8:35 pm), Susan Chunco, Sanda Everette, Mike Feinstein, Ajay Rai,

NO VOTES (12): Victoria Ashley, June Brashares, Eric Brooks, Deatra Cohen, Maxine Daniel, Sadie Fulton, Eric Luna, Mike Murphy, Mimi Newton, Erik Rydberg, Laura Wells, Stephen Zollman

ABSTENTIONS (0).

NOT PRESENT FOR VOTE (6): Doug Barnett - no answer (no answer as of 8:35), Angelica Duenas - (no answer as of 8:35 pm), Mike Goldbeck, Bert Heuer, Tarik Kanaana, Ann Menasche

The proposal fails (majority needed per CC Internal Procedure 6-4 [amended 4/2017]).

Comment from Mike Feinstein - Expects and recommends the CC invite Committee applicants to CC calls in the future when they are not on the CC.

(10) Decision: Appointment of Stephen Zollman CC male Co-Coordinator Alternate (10 min)

Sponsor: Eric Brooks

Background and Purpose: Stephen Zollman is applying for CC male Co-Coordinator Alternate per his application below.

Proposal: To appointment Stephen Zollman as CC male Co-Coordinator Alternate

Application: Appendix J

A discussion regarding whether or not to appoint Stephen ensued, where some people offered affirmations and others expressed concerns, relating to process, mostly. The CC was reminded that the appointment of Co-Coordinators and Alternate Co-Coordinators is usually done at the Annual CC Retreat. But, the CC failed to schedule a CC retreat and that discussion is best held in a face to face meeting at the retreat.

A series of questions were posed to the candidate and answered.

[Mike Feinstein appears to have dropped off the call - word comes in that he is still listening but unable to be heard.]

Outstanding concerns:

Ajay Rai - did not hear any information about Stephen and is concerned about his inexperience. Willing to stand aside.

Proposal to appoint Stephen Zollman as Alternate Male Co-Coordinator to the CC is approved by consensus.

Item 10B

Proposal: Approve annual Coordinating Committee meeting schedule

Sponsor: Mike Feinstein

Time Requested: Ten minutes - and held early enough on the agenda so that it is ensured that a schedule is set

Background: GPCA Bylaws Section 8-3 Meetings (http://www.cagreens.org/bylaws/2016-07-03#Section_8-3_Meetings) states:

8-3.1 Regular Coordinating Committee meetings shall be held at least once a month. On an annual basis, the Coordinating Committee shall establish a regular monthly meeting date, with exceptions to that date made for national holidays, elections or other special circumstances. During the course of the year, the Coordinating Committee may amend this schedule, as long as the date and time are set at least 20 days in advance; and additional regular meetings in a given month may be scheduled with at least 20 days notice by a majority vote of the Coordinating Committee, or by a determination of the Coordinating Committee Co-coordinators. A quorum for all regular Coordinating Committee meetings shall be a majority of the currently seated members.

The clear exceptions below are

January 8 (moved because of New Years Day)

June 11 (moved because of June 5 primary)

September 10 (moved because of Labor Day)

To debate is whether or not

July 9 (after 4th of July)

If we wait until the 9th, people can have the long 4th of July weekend, because the 4th is on a Wednesday. The GPUS Annual National Meeting will likely be

November 12 (moved because of Nov 6 general election)

There is a Nov 6 general election in CA. Normally that would mean moving the Coordinating Committee meeting to the following Monday. However because of Top Two election, it is unlikely any partisan Green candidate will be on the Nov 6 general election ballot. However the Coordinating Committee may want to wait to meet until after the elections anyway. There could also be a GPCA General Assembly during November or December that may come into play.

Proposal: That the Coordinating Committee approved the following schedule

January 8 (moved because of New Years Day)

February 5

March 5

April 2

May 7

June 11 (moved because of June 5 primary)

July 9 (moved because of the 4th of July)

August 6

September 10 (moved because of Labor Day)

October 1

November 12 (moved because of Nov 6 general election)

December 3

Eric Brooks likes the timeline proposed.
June reads out schedule days that would be different.

No questions or concerns.
Approved by consensus.

IT committee website assessment project report

----- Forwarded message -----

From: Nassim Nouri
Date: Fri, Dec 22, 2017 at 2:30 PM
Subject: [gpca-cc] IT committee website assessment project
To: GPCA Coordinating Committee
Cc: Brett Dixon , **Nicole Montoya** , **Tim Laidman** , **Colt Gonzales**

Dear GPCA Coordinating Committee

The IT Committee discussed the CC's request for the GPCA website review at our 12/18 meeting.

As IT is charged with implementing any changes to the website, the committee has defined what we as a team propose for the mandate and scope of this website review.

We have agreed to perform a gap assessment as opposed to a detailed requirements document (since we already have a website). This assessment includes a 15-day period for collecting input on gaps / needs/ must-haves for the site, and will focus on the technical as well as user experience aspect of the site.

The results will be captured in a short report that outlines gaps and priorities for the website redesign/rebuild with a parallel assessment by the IT Comm regarding the platform that will best address the gaps we identify.

We're like to get input from 2 groups of people:

- 1 - Those who have been involved with the current website and/or have an IT background. This will include the current IT Committee and the gpca-it@cagreens.org,
- 2 - Those who are not IT focussed, are new or current users who interact and utilize the site, this includes the coordinating Committee,

GROW and Media and possibly our list of current County Councils.

Ideally we would also include a third group, completely unfamiliar with the site as they are the best reflection of how the GPCA is represented by this website. We'll do our best to get input from a few among this group as well.

Stay tuned for the this short survey coming your way.

Thanks you all

Nassim

Application of Greg Varra to be appointed to the Clearinghouse Committee

From: Greg Varra

To: cc@cagreens.org, maxine.daniel@gmail.com

Date: Sat, 9 Dec 2017 19:21:24 -0800

Subject: Clearinghouse Committee Application

Greg Varra - 760.408.6629 greg.varra@gmail.com GreenPartyRivCo@gmail.com

Please accept my application for consideration for Green Party of CA Clearinghouse Committee.

I attended Ventura County's hosting of the General Assembly in November of this year and was inspired to become more involved with state level organizing. My background is in public service and I have always had a passion to advocate for the under served and less privileged who seem to have no voice in today's social and political climate. I am a past registered Green who Green re-entered subsequent the presidential primary of 2016 after working diligently on the Bernie Sanders' campaign. I felt very comfortable with my vote for Jill Stein because her platform and the key values of the Green Party most aligned with my personal values and belief system.

I have since become a council member for the Green Party of Riverside County and have been organizing to grow the party in our region. I would like to expand my service to the state level and feel my organizing and communication skills can be an asset to the Clearinghouse Committee. I feel everyone must do their part in today's political climate and I would like to do mine by first educating myself with Green Party objectives and sharing with others what I have learned. Our only hope is a complete bypass of the failed two corporate parties and the Green Party is just that venue.

Application of Steve Breedlove to be appointed to the Bylaw Committee

From: Steve Breedlove

Date: Tue, Jan 2, 2018 at 10:11 PM

Subject: Bylaw committee vacancy

To: Adam Siegel , Mimi Newton

CC: Laura Wells

Bylaws Co-cos,

After much thought (and a little prodding), I've decided I'd like to be considered for bylaws committee. I have extensive professional experience with governing documents (FAA JO7110.65, Aeronautical Instruction Manual, etc). I also wrote the bylaws for Butte County, sponsored amendments to make financial responsibilities and decision making more transparent and led a rewrite of the bylaws of my military unit booster club when I served as treasurer for two years.

An organization is only as functional as its bylaws permit. I'd like to help the GPCA become a more effective electoral party in service of our mission to transform our world.

Thanks for your time, and apologies for eleventh hour emails,

Steve Breedlove, Butte County

Application of Eric Luna to be appointed to the IT Committee

From: Eric Luna

Date: Mon, Jan 1, 2018 at 5:33 PM

Subject: IT Committee application

To: Sadie Fulton , Victoria Ashley

Im applying to serve on the IT Committee. I have years of experience with computer technology and information technology. I started with classes in middle school and it became a hobby. I managed my bands social media pages in the past and recently i have been maintaining websites and databases for political (SJC Greens) and non-profit organizations (Tri-Valley CAREs). I have extensive experience in IT Coordination from the local Bernie Sanders campaign, where I learned to manage databases and build walk-lists and maps. During the campaign I took classes in online learning which gave me the skills and knowledge to learn on my own from the internet. This is where I learned to code (html and CSS). I still have room to learn but I know enough to get by. I believe that the Green Party is essential to the survival of our country and our state. We need to be able to keep up with the two "major" political parties if we are going to break the two-party system. We can do this if our web presence and organization is up to par, if not exceeding theirs. This means we need to have a functioning and ergonomic website. A place where communities can be built and organizing can happen. I believe I have the experience and the know how to achieve these goals. So I ask that you consider appointing me to the IT Committee. Thank you for your consideration. Eric Luna

Application of Stephen Zollman for Co-Co male alternate position

From: Stephen Zollman

Subject: [gpca-cc] Application for Co-Co male alternate position
To: GPCA Coordinating Committee

Greetings all and happy new year. Wishing all a peaceful year. Please find below and attached my application for the above position and thank you for your consideration. All Best, Stephen Zollman, Guerneville, CA

Stephen Zollman's application for Co-Co male alternate position

As a former San Francisco Public Defender, who represented our youth for over eight and half years and adults for four, I continue to be concerned about how exposure to traumas continue to affect our youth, particularly those from marginalized parts of our community. I started my own firm to continue to serve the family law needs of our low income while at the same time advocating for all necessary services. I have extensive experience working with those who have mental health and developmental disabilities and know how the special education system works.

One of my goals as a citizen and as an openly gay man, is to increase the diversity within our ranks to include and foster the leadership of those within our people of color communities, those of different ethnicities, women, those of differing sexual orientations, gender identities, physical and mental health disabilities and from differing social-economic levels. Our future leaders deserve nothing less. I am also Army Veteran.

NEXT MEETING: Tuesday, 12/12/17 @ 7:30pm, 712-770-4700, Code 626116#

Hello all,

Here are the notes from the ERWG meeting at the GA on 11/11/17:

The Electoral Reform Working Group did not meet quorum, so all discussion was informational.

Carol A. Bouldin facilitated the group in the absence of Ann Menasche and Eric Brooks. She shared that the Electoral Reform working group recommended that the California Green Party endorse the Stop Top Two ballot initiative a few months back and that this was voted on by the coordinating committee and approved.

The Stop Top Two initiative would effectively restore CA Primaries to their previous form, in which each party would select which candidate to run in the general election, by repealing the Top Two ballot initiative that passed in 2010 (Prop 14). Currently the signature gathering process is underway to put the initiative on the ballot (see link above), and about 600,000 valid signatures are required as it would be a constitutional amendment. For more info on the initiative go to: <https://www.stoptop2.com>

Carol also made everyone aware of HR 3057, which has been discussed in the ERWG telephone conferences. HR 3057 is a bill in the US House of Representatives that would introduce ranked choice voting and proportional representation for congressional elections. She recommended we call our House Reps to pressure them to sign on as co-sponsors as this bill would help third parties gain some traction on the national level.

Various members discussed the importance of paper ballots as the most transparent form of voting. One member suggested we look at the model pioneered by Humboldt County: all ballots are scanned and available online for anyone to count. All of the ballots are also physically stored for recounts.

Additionally, there seem to be frequent issues with people's voter registration being randomly changed. People have reported their party preference changing without notice.

It was also stressed that we review Mike Feinstein's revisions of the platform on the number of signatures needed to get candidates on the ballot and move forward to amend or approve.

IT Committee Report

Hi all,

This is to report that the IT committee met in Ventura at the GA. The following people were in attendance:

Nassim Nouri
Aleece DePuey
Bob Terry
Colt Gonzales
Jennifer Hall
Douglas Johannes
Jane Jarlsberg
Amber Hendershot
Herard Olsen
Rick Greenblott
Sanda Everette
Sadie Fulton

The meeting was inquorate. A general discussion took place around our website and resources; including some background information about what operates where, etc. A large majority of those involved in the discussion wished to see our website migrated to NationBuilder; this is resulting from a general dissatisfaction with the overall skill level required to maintain the current website, the need to upgrade it anyway, and a general desire for a more accessible, intuitive content management system, of the variety that NationBuilder offers. Colt and Nassim both expressed interest in joining the committee.

In addition, I can report that our regularly scheduled meeting was due to go ahead on 11/20, but did not. There was no email announcement for it. I dialed the number about two minutes after the start time, and waited on the line for about ten minutes; nobody else joined the call

during that time.

The committee is currently engaged in email discussion around scheduling an alternate time to make up this meeting.

Sadie

Application: Nassim Nouri (Santa Clara County) to the IT Committee

Dear CC Committee members,

I'd like to submit my application, below, for the IT Committee to you for consideration at your upcoming December meeting.

Thank you for your time and all you do for GPCA,

Nassim

Nassim Nouri- nassim1nouri@gmail.com ~ [redacted]

I am applying to the IT Committee with the main goal of significantly improving and expanding the support GPCA provides to our county chapters. My professional experience started in science and medical research in academia and led to managing marketing and communications roles in the biotech industry. Currently I manage all of the website, monthly Newsletter and some social media communications for three organizations, including our Green Party of Santa Clara chapter (TheGreens.us), as well as SouthBayPA.org and REACHShirati.org (I created the later two websites and currently maintain all three).

I hope is to contribute to the IT Committee primarily on the GPCA website development and redesign to make it accurate, inspirational and actionable. I also plan to help improve the user experience, participate in building robust communication channels, and simply pitch in the work load that this Committee's few members have been burden with, for far too long. As a member of the Clearinghouse Committee I also see an opportunity to integrate efforts and streamline communications internally.

My vision for the Green Party is for us to grow into more than an electoral alternative. We need to take our rightful place as the moral imperative in our government. To reach this goal we need to engage all those who have been driven out of participating in our democracy, and effectively communicate our platform, potential and pride in being Greens, the party for, by, and of the people.

Colt Gonzalez (San Joaquin County) to the IT Committee

Hello,

My name is Colt Gonzales and I'd like to apply for a position on the I/T Committee. I currently serve as a Co-Coordinator for my County, San Joaquin. I also serve on various other committees on the county level including I/T where I've worked on the creation and maintenance of our first website, and also our subsequent highly functional NationBuilder Website and database SJCGreens.org . Throughout my life I've acquired various I/T skills needed to fix and maintain websites and databased systems to the point of becoming a local "I/T go-to" at almost every workplace I've ever been a part of. If I don't have the skills to get something done, I know whom to call to find out how to fix or create something and get it done.

I'd like to help the committee and the state party as a whole by applying my knowledge of modern systems to help bring our party up to speed in the modern era of a constantly changing political landscape that demands we run and maintain a highly adaptable web presence. One that doesn't require constant and laborious maintenance by highly skilled I/T people or coders daily, which actually limits our party's ability to be

effective on a day to day basis and requires we scavenge the party for the those skills and attempt to draft people into positions they may not seek. Applying modern tools and systems to our party will help to facilitate a highly organized and highly functional party to compete in the 21st century and reduce our party's I/T Labor Costs considerably.

Thank you,

Colt Gonzales

Hello GPCA CC members,

I'd like to put my name forth to be considered as a member of the Fundraising Committee. In addition to my commitment to building the GPCA, I have extensive relevant experience that would allow me to serve the Fundraising Committee well.

In my previous twenty-plus year career as a public librarian, I spent several months annually inviting local businesses to support the library's mission by contributing to programs that encouraged teens to read for fun throughout the year. These efforts , which I light-heartedly called "beg-a-thons" typically involved connecting with the community and building partnerships. With few exceptions, I found that local businesses were happy to donate to a cause that benefited the community locally and by extension, the world at large.

I am comfortable writing letters, making phone calls and reaching out to anyone who might consider supporting the Green Party's Ten Key Values, financially or otherwise. My skills and experience can easily be applied to the non-corporate donor world.

Thanks for considering my application and I look forward to hearing your decision.

In solidarity,
Deatra Cohen

Green Party Coordination Committee,

Aloha! My name is James Kaimilani Young. I am a native Californian, Father and Naval Veteran and I'm applying to become a Media Committee Member to assist and uplift the Green Party of CA.

In the course of 20 plus years, I have worked with many different marketing firms across Orange County CA. Door to door, Business to Business, public speaking, email, direct mail, social media are just a few marketing strategies that I'm very familiar with. The vast list of companies from fortune 500 companies to mom & pop advertising and marketing businesses that I have had the pleasure of working with have given me a vast amount of knowledge and a formidable skill set that I will bring to the Green Party Media Committee Member position.

After doing my own due-diligence and checking my own recourses thus to find out that the U.S. has one political party posing as two – I decided to leap off the Democratic sinking ship about 2 years ago and became a Green Party voter registered member. However, there are millions that have left the new center-left and are now in limbo and that are in a stasis of betrayal. This mass of U.S. voters is “floating” with nowhere to land. Well, I seek to assist our last and only hope (The Green Party) at taking down a two-headed monster that is currently destroying our nation, the planet and all of its inhabitants and if given the opportunity I will put forth great effort in providing a safe and comfortable place for these floating millions to land. Once our numbers become threatening; the 2 Party Oligarchy will have no choice but to [at least] notice our demands.

I would be more than honored to be a part of a political party that has held my exact political ethics and values for decades but was never contacted or tapped on the shoulder to realize who the GP truly is. Let's just say that like me there are millions that are “naïve” to what the Green Party is truly about. I strongly believe that I have many state of the art processes and systems that would help reach far more GP members to then organize and reach out to the floating and naïve masses across our nation.

Besides my eagerness to succeed and the diligence that I put forth in all my endeavors, it would be an absolute pleasure to work hand in hand with other Green Party members to do my best to give, use and share my talents, skills and abilities to help The Green Party evolve and excel, because let's be real... We absolutely must have as many resources possible to combat a system that is stacked to the stars against us.

Thank you for your consideration.

Sincerely,

James K. Young
