

The Green Party of California Statement of Purpose 2019-2020

Vote Green for viable solutions to our greatest challenges from inequality to climate change. Greens' actions match our values because we refuse contributions from corporations.

Since 2010, Green candidates have run on the real Green New Deal. Over 350 California Greens have served in elected office since 1990. Greens' early vision and leadership has led to successes including cannabis legalization, closing California's last nuclear power plant, and enabling public banking.
