

Re-imagining the future

July 2022

Recognition and Commitment

We recognise Aboriginal and Torres Strait Islander People as the traditional custodians of the land on which we live and work and acknowledge that sovereignty of the land we call Australia has never been ceded. We commit to listening to and learning from Aboriginal and Torres Strait Islander people about how we can better reflect Indigenous ways of being and knowing in our work.

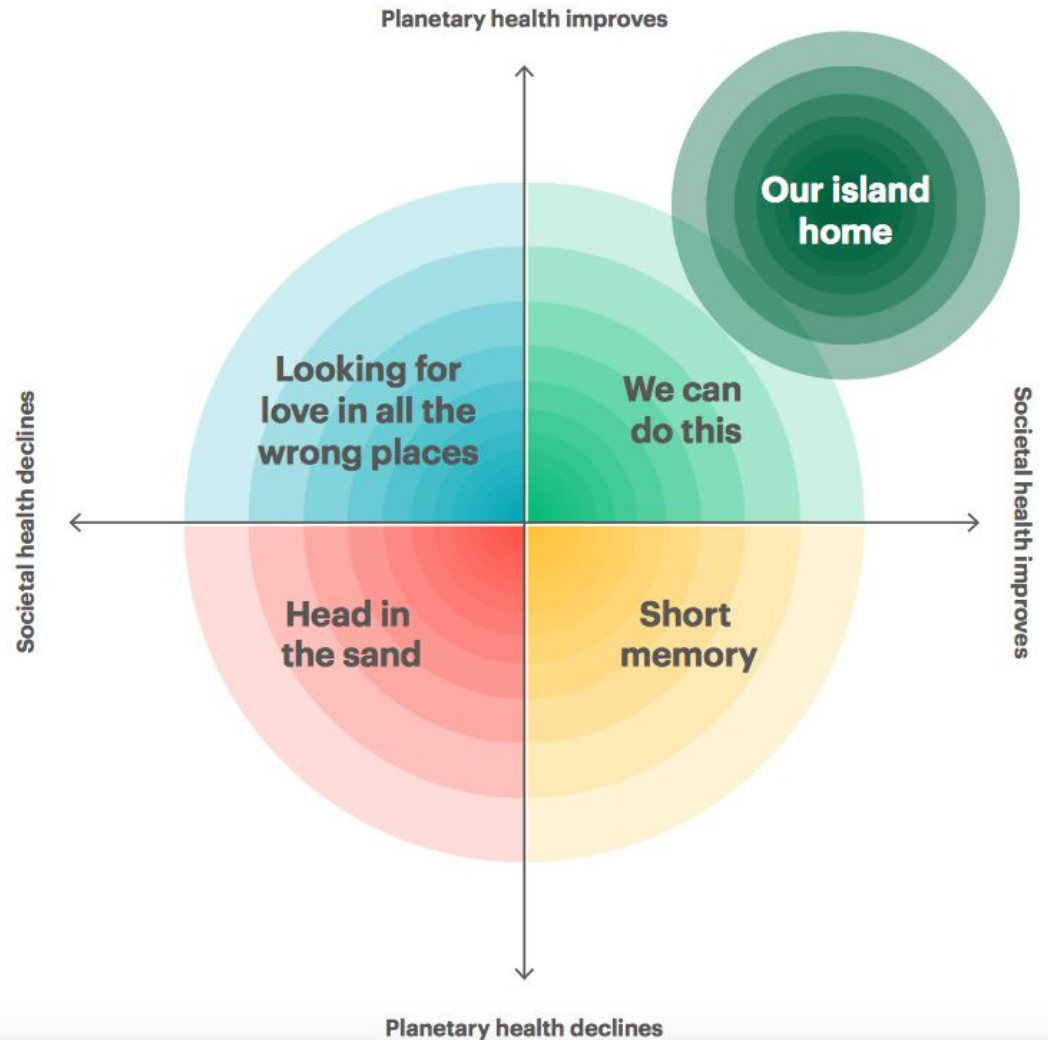

An aerial photograph of a dense, lush green forest. The trees are tall and closely packed, creating a textured canopy of various shades of green. The lighting suggests a bright day, with some areas appearing slightly brighter than others. The text 'Regenerating Australia' is centered in the middle of the image in a white, sans-serif font.

Regenerating Australia

Australia in 2030

Possible Alternative Futures
