INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Court Appointed Special Advocates of Travis County
Austin, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of Court Appointed Special Advocates of Travis County (CASA), which comprise the statements of financial position as of December 31, 2015 and 2014 and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CASA as of December 31, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Statements of Revenues on pages 20 and 21, are presented for purposes of additional analysis for a funding source and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

COURT APPOINTED SPECIAL ADVOCATES OF TRAVIS COUNTY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

CASA is a non-profit corporation created in 1985 under the Texas Nonprofit Corporation Act. The primary purpose of CASA is to provide trained volunteers who advise the courts about the best interests of children whose home placement is being decided by the court, as a result of abuse or neglect. CASA is supported primarily through grants, private donations, and fundraising events.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Financial Statement Presentation

CASA reports under the provisions of FASB ASC 958-205, *Not-For-Profit Organizations*. Under FASB ASC 958, CASA is required to report information regarding its financial position and activities according to three classes of net assets:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations or the donor-imposed restrictions have expired or been satisfied. All gifts, grants and bequests are considered unrestricted unless specifically restricted by the donor.

Temporarily restricted net assets - Net assets that are subject to donor-imposed restrictions either for use during a specified time period or for a particular purpose.

Permanently restricted net assets - Net assets that are subject to donor-imposed restrictions that they be maintained permanently by CASA. CASA had no permanently restricted assets during either year.

Net Assets Released From Restrictions

When a donor-imposed restriction is fulfilled or when a time restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying statement of activities as net assets released from restrictions.

COURT APPOINTED SPECIAL ADVOCATES OF TRAVIS COUNTY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Cash and Cash Equivalents

CASA considers all cash and other highly liquid investments with maturity of three months or less when purchased to be cash and cash equivalents. Cash equivalents include money market accounts and commercial paper and are stated at cost plus accrued interest, which approximates fair value. Restricted cash is not included in cash and cash equivalents.

Pledge Receivables

Unconditional promises to give are recorded in the period in which a written agreement to contribute cash or other assets is received and are classified as unrestricted, temporarily restricted or permanently restricted support depending on the designation, existence or nature of any donor restrictions. Management does not consider an allowance for promises to give to be necessary as of December 31, 2015 and 2014.

Grant Receivables

CASA's grant receivables are valued using an allowance for collectible accounts. Under this method, a provision for uncollectible accounts based on management estimate is charged to expense and the allowance account is increased. CASA's management considers all receivables to be 100% collectible as of December 31, 2015 and 2014.

Property and Equipment

Property and equipment are recorded at cost and depreciated over their estimated useful lives. Any donated items are recorded at the fair value. When assets are retired, or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in the period. Maintenance and repairs are charged to expense as incurred, and significant renewals and betterments are capitalized. CASA has a policy of only capitalizing depreciable assets purchased at or over \$2,000, expensing items falling below that amount. Depreciation is provided using the straight-line method over the estimated useful lives of the assets generally as follows:

Leasehold improvements	3-5 Years
Equipment	5-7 Years
Furniture & fixtures	3-5 Years

Investments

Investments are carried at their market value and unrealized gains and losses are reflected in the statements of activities. Market values are determined by the most recently traded prices of securities at the statements of financial position date. Net realized gains or losses are determined on the specific identification cost method.

Fair Value Measurements

CASA's investments are accounted for at fair value with unrealized gains and losses reported in the statement of activities. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of a given measurement date, and establishes a framework for measuring fair value. This standard also establishes a three-level hierarchy for such measurements based on the reliability of observable and unobservable inputs as follows:

Level 1- Valuations are based on quoted prices in active markets for identical assets or liabilities that CASA has the ability to access at the measurement date.

Level 2- Valuations are based on observable data other than quoted prices.

Level 3- Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability.

Compensated Absences

CASA expenses vacation in the year earned. Upon termination, the employee is compensated for any accrued but unused vacation. A maximum of six vacation days, for all employees, may be carried over into the following calendar year.

Contributions

CASA recognizes contributions as revenue when received or unconditionally promised. Contributions are measured at the fair value of the assets or services received or promised. The fair value of contributions arising from unconditional promises to give cash or other assets in one or more future years is measured (discounted) using a risk-adjusted rate of return appropriate for the expected term of the promise to give. Such discounts are amortized between the date the promise to give is initially recognized and the date the actual cash is expected to be collected. Revenues from program service fees and special events are recognized when received. Revenues are classified as restricted support if they are received with donor stipulations that limit the use of the contributions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Special Event Revenues

Special event revenues consist of fundraisers sponsored by CASA and are reported net of direct expenses.

In-Kind Contributions

Donated property and services are recorded at fair market value on the date of the donation as in-kind contributions if all qualifications for reporting have been met.

Marketing

Marketing costs are expensed as incurred. For the years ended December 31, 2015 and 2014, advertising expense totaled \$24,948 and \$34,519, respectively. Of the \$24,948 marketing expense during 2015, \$23,302 were expenses associated with advertising to recruit volunteers and \$1,646 were other marketing expenses.

Functional Expenses

Directly identifiable expenses are classified as program services, fundraising and general administration. Expenses related to more than one function are allocated to programs, fundraising and general administration on the basis of management estimates. General administration expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of CASA.

Exchange Transactions

CASA considers all contracts and grants from government entities as fee for service exchange transactions and not as contributions. Therefore, revenue is recognized as earned and expenses reported as incurred.

CASA received pass-through funds from Texas CASA, Inc. which were approximately 19% and 26% of revenues for the years ending December 31, 2015 and 2014, respectively. The amounts from the originating agencies for the years ending December 31 were:

	2015	2014
State of Texas Crime Victim's Compensation Fund	\$ 503,604	\$ 482,175
Lonestar Proud for Kids (LSP)	968	2,643
Criminal Justice Department Victim of Crime Act	268,115	222,884
	<u>\$ 772,687</u>	<u>\$ 707,702</u>

These amounts are included in the revenue from government contracts on the statements of activities.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Income Tax Status

CASA is exempt under Section 501(c)(3) of the Internal Revenue Code from Federal Income Tax on income arising from its exempt purpose. CASA is also exempt from state income taxes in the state of Texas under Sections 151.310, 156.102, and 171.062 of the Texas Tax Code. Therefore, no provision for income taxes is included in the financial statements. Provisions for income taxes on unrelated business income are made when required for income from non-exempt activities and paid during the year.

CASA has adopted FASB ASC 740, *Accounting for Uncertainty in Income Taxes*. That standard prescribes a minimum recognition threshold and measurement methodology that a tax position taken or expected to be taken in a tax return is required to meet before being recognized in financial statements. It also provides guidance for de-recognition, classification, interest, and penalties, accounting in interim periods, disclosures, and transition. As of December 31, 2015 and 2014, CASA has not recognized liabilities for uncertain tax positions or associated interest and penalties.

CASA believes that it has appropriate support for any income tax position taken. Therefore, management has not identified any uncertain income tax positions. As of December 31, 2015 and 2014, CASA has not recognized liabilities for uncertain tax positions or associated interest and penalties. CASA's federal exempt organization returns for the years ended December 31, 2012, and after, are subject to examination by the Internal Revenue Service, generally for three years after they are filed.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Subsequent Events

Management has evaluated all subsequent events for disclosure and/or recognition through the date of the Independent Auditors' Report, which is the date the financial statements were available to be issued.

NOTE D - ENDOWMENT

CASA entered into an agreement with Austin Community Foundation (Foundation) to establish an endowment fund. The purpose of the endowment fund is to support CASA's programs. Contributions to the endowment fund are from two sources: 1) Donors making restricted contributions directly to the Foundation to support CASA and 2) CASA may contribute board designated unrestricted funds to the endowment fund.

FASB ASC 958 requires the two sources of contributions to be recognized by CASA and the Foundation as follows:

1) The funds contributed by CASA are recognized as an asset and board designated unrestricted net assets on CASA's statement of financial position, even though the agreement between CASA and the Foundation expressly creates a permanent endowment held irrevocably by the Foundation. CASA will record the related investment activity on CASA's contributions in the statement of activities. The Foundation recognizes CASA's contributions and related investment activity as a liability to CASA.

2) Donations made directly to the Foundation by individuals, corporations, and other Foundations are not recorded as contributions by CASA. The Foundation will record these as contributions. The Foundation will also record the related investment activity on such contributions. Contributions to CASA by the Foundation will be recorded by CASA as a contribution when received by CASA.

The Foundation preserves the principal amounts contributed in perpetuity and charges a fee as compensation for investing, administering, and distributing funds. Investments are administered in accordance with Foundation policies and monitored by an investment committee. The investment pool is a diversified portfolio of fixed income, large cap, small cap, international and alternative strategy investment vehicles which are managed by investment managers.

Variance power is reserved by the Foundation's Board of Governors and contained in the Foundation's Articles of Incorporation and By-laws. This power provides the Board the ability to modify any restriction or condition on the distribution of assets, if circumstances warrant. The annual amount available to be distributed to CASA is based upon the spending policy of the Foundation as established by the Board of Governors. The current spending policy allows a maximum of up to five percent of the 20 quarter average of the endowment to be available for distribution.

NOTE H - CONTINGENCIES

CASA participates in various federal and state financial assistance programs. These programs are subject to financial and compliance audits by the grantors or their representatives and regulatory authorities. The purpose of the audits is to ensure compliance with conditions relating to the granting of funds and other reimbursement regulations. Management believes that any liability for reimbursement which could arise as the result of these audits would not be material to the financial position of CASA.
