catalysts for change
Join us by becoming a founding member of our Catalysts for Change program, and let’s make Miami-Dade County a just society where everyone can lead healthy, prosperous, self-determined lives.

Your support will help Catalyst Miami not only continue to provide our programs and services at no cost to thousands of frontline community members across Miami-Dade each year, but will also allow us to advance transformational systemic change, working shoulder-to-shoulder with our communities.
Founded in 1996 by Daniella Levine Cava, Catalyst Miami is a nonprofit that works with communities to address immediate needs and build a better future together.

A just society where everyone can lead healthy, prosperous, self-determined lives.

We build power with frontline communities throughout Miami-Dade County to collectively advance justice and achieve shared prosperity.
Support for our Catalysts for Change program will go directly towards Catalyst Miami’s ‘both-and’ approach to building people power to create lasting transformation in Miami-Dade.

This includes our direct services, popular education programs, cooperative ownership programs, policy advocacy, leadership trainings, and community organizing.
Catalyst Miami’s 2024 Be the Catalyst Summit (previously called the Poverty Solutions Summit) will take place on May 18, 2024 at Miami Dade College Wolfson Campus.

This convening will bring together leaders from the community, civic, and business leaders to collectively develop community-driven solutions around the theme of advancing economic self-determination in Miami-Dade County.
Catalysts for Change members help sustain Catalyst Miami’s work year-round. We will recognize your support year-round as well in the following ways:
