

Elect – Jeff Brownfield – State Senate 52nd District

A Strong New Voice for Central Illinois

The corrupt billionaire political class in Chicago has been responsible for our state's fiscal demise. People and business are fleeing our state at an alarming rate. Illinois is in need of new leadership that is loyal to the residents not to special interest which has plagued our state for decades. I'll use your voice to work for central Illinois families. Send me to Springfield, and I will work to create better paying jobs, lower taxes for working families and work to bring business and people to our great state and region.

Policy Initiatives 52nd District:

- I will be the taxpayer's fiscal watchdog. Career politicians have failed families and businesses. Illinois ranks as the 46th worse state overall in taxes and often those tax dollars are wasted. They need a fiscal watchdog to protect your pocketbook in Springfield.
- Work to ensure that zip code does not determine the quality of education your child receives. I will work towards investments in early childhood education and STEM so that we have the skilled workforce that employers are searching for.
- Cut red tape and make it easier for you to start and maintain a business. This includes our farmers who Springfield and Washington DC have buried with crushing policies on their business.
- Protect the most vulnerable members of our population, veterans. I will create policies and initiatives that ensure veterans have high quality healthcare and have career options upon their return to civilian life.

Personal Information:

I am a lifelong Champaign resident and University of Illinois at Champaign-Urbana alum with two high school aged children. My wife has been an early childhood teacher and has worked in child-care services throughout her career. I deeply care about my community and am compelled to run to represent the thousands of people in the Champaign and Danville area who feel our current leadership is failing them. I am not a politician and pledge to serve ten years or less if elected. It is time to send a strong new voice for Central Illinois to Springfield.

Community Involvement - Coach Little League Baseball, Coach YMCA and Champaign Park District Basketball, Coach American Legion Post 24 Baseball, Co-Chair Centennial Football Booster Club, and volunteer/coach Holy Cross and Saint Thomas More church/school.

*I would appreciate your vote.
Early voting October 21
Election Day – November 5th*
