CICLAVIA THE VALLEY

This 26th edition of CicLAvia invites all of us to experience the northeast San Fernando Valley in the communities of Pacoima, Arleta, and Panorama City. We come together through this joyous, car-free event, experiencing Los Angeles and our fellow Angelenos in new ways. CicLAvia opens our eyes to the richness and diversity of these neighborhoods and inspires us to experience Los Angeles car-free. Thank you for joining CicLAvia in reimagining the story of LA one ride, walk, stroll, roll, dance, run, and smile at a time.

After WWII, Pacoima was one of the few locations in the Valley that did not have restrictive covenants on real-estate. Thus, it became the Valley's "melting pot," where Japanese Americans, Mexican Americans, African Americans and Jewish Americans lived next door to one another.

Después de la Segunda Guerra Mundial, Pacoima fue una de las pocas áreas que no tenía acuerdos restrictivos sobre el bien inmueble. De esta manera se convirtió en el "crisol" del Valle, donde vivían como vecinos los americanos japoneses, los méxico-americanos y los judíos americanos.
