SUBJECT: Letter of Support – Emerald Drive Complete Streets Project

Dear Honorable Member:

On behalf of Circulate San Diego, whose mission is to create excellent mobility choices and vibrant, healthy neighborhoods, I am writing to express strong support for the City of Vista's Project Proposal for the Emerald Drive corridor for Congressionally Directed Spending/Community Project Funding consideration. Emerald Drive is in urgent need of pedestrian and bicycle connectivity and traffic calming improvements.

Recognizing the need for improved safety and connectivity to transit and essential services, Circulate is supportive of the proposed improvements. The project will provide new sidewalk construction, visible pedestrian crossings, roundabouts, bicycle facilities, and additional traffic calming measures. These improvements will reduce vehicle speeds and encourage residents from both Oceanside and Vista to navigate the corridor and feel safe while doing so within dedicated pedestrian and bicycle facilities. The increased number of crossings will greatly enhance connectivity to transit stops, commercial centers, and nearby schools and parks like Grapevine Elementary and Bub Williamson Park.

For these reasons, Circulate supports the City of Vista in this endeavor to increase connectivity and safety for all road users along the Emerald Drive corridor.

Sincerely,

Carlisle Dockery
Director of Planning and Community Engagement
