Michael Arria and Dave Reed speak with Michael Bueckert, the Vice-President of Canadians for Justice and Peace in the Middle East. The organization just published a voting guide ahead of the upcoming Canadian elections. He updated us on the politics of Palestine in the Great White North.

SHOW NOTES:

BEFORE YOU GO: The Israeli government and its economic, cultural, and political backers here in the U.S. have made a decades-long investment in silencing and delegitimizing Palestinian voices and those who dare to call out Israel's apartheid.

The movement needs independent media outlets that amplify Palestinian stories and hold space for those censored for voicing dissent.

We have revolutionized *Mondoweiss'* coverage of Palestine and Israel by building a Palestine newsroom, thus helping to shape the American understanding of the Palestinian struggle.
