93 Secondary Scholars

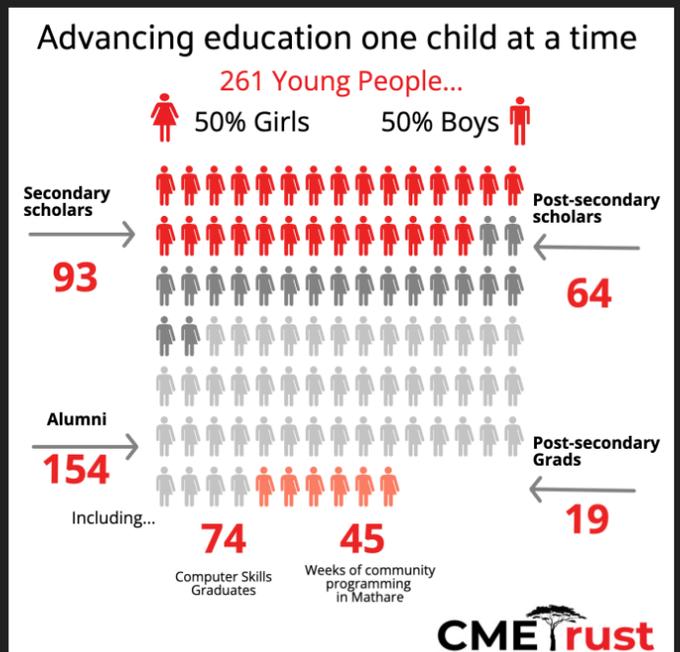

64 PSS Scholars

Other numbers to celebrate

15 SS graduates

19 Post-secondary Graduates

14 Computer training participants

02

PROGRAMMING IN MATHARE

CMETrust hosts school break programs three times a year. In 2023 scholars were offered access to training on topics including:

- Gender-based violence
- Leadership
- Health & wellness
- Self-defence training
- Media Literacy

These programs also allow CMETrust to engage with parents, alumni, partners and the larger community.

WEZESHA KIKE! (EMPOWER HER)

03

We are now in year 2 of this multi-year scholarship and community transformation project funded by Global Affairs Canada and designed to support education in Mathare.

In addition to funding scholarships for girls (33 in 2023) the project creates opportunities to address social barriers that impact access to education at the community level.

04

GOVERNANCE

In 2023 CMETrust appointed it's first Kenyan Board of Directors, woking in partnership with the Canadian Board to ensure the continued success and growth of CMETrust.

CMETRUST.ORG

Past annual reports and financial statements are available at cmetrust.org/governance

CMETrust is grateful to our Funders and Partners and to our wonderful donors. This work would not be possible without this generous support.
