

# NO MORE ENDLESS WAR!

Will the war in Ukraine turn into another endless war like  
the U.S. wars in Iraq and Afghanistan?

Will it escalate into a U.S.-Russia nuclear war?

How many Ukrainians must die and be displaced?

That depends on whether  
Russia and Ukraine, as well as  
the United States and its allies,  
can be pressured to support a  
negotiated solution.

This is why we need a global  
movement to demand serious  
peace talks NOW!

#### **THE OUTLINES OF A PEACE AGREEMENT ALREADY EXIST:**

- A comprehensive ceasefire.
- Withdrawal of Russian forces.
- A Ukrainian commitment to international neutrality.
- An agreement/referendum on the disputed Donbas region's future.
- Concrete steps toward nuclear disarmament.

**THIS WAR SHOULD BE A GLOBAL WAKE-UP CALL.  
VIGOROUS NEGOTIATIONS NOW!**

The terrifying war in Ukraine should propel us to implement the UN ban on nuclear weapons and move from reliance on fossil fuels to green energy. Instead of war, let's all cooperate to build a peaceful and sustainable world for all our children and grandchildren.
