

TELL THE AMERICAN MEDICAL ASSOCIATION TO SPEAK UP FOR THEIR COLLEAGUES IN PALESTINE!

The American Medical Association has leverage nationally and internationally, and it should publicly recognize Israel's continuous targeting and killing of medical professionals in Gaza.

In the film *The Voice of Hind Rajab*, Palestinian healthcare workers are shown to have given sacrifices we can't even imagine. All healthcare institutions should stand strong to advocate for the rights of workers everywhere, like Dr. Husam Abu Safiya, who was abducted by Israeli forces in December 2024 and remains in Israeli captivity.

**SIGN THE PETITION
TO PUSH THE AMA TO
SPEAK OUT FOR DR.
ABU SAFIYA!**
