

TELL YOUR SENATORS: NO WAR ON CUBA

Trump is threatening military action on Cuba, a country that poses absolutely no threat to the United States. Congress must step in and pass a War Powers Resolution! The U.S. is saying that Cuban President Diaz-Canel must step down for "meaningful progress" in negotiations. This is the same playbook they used in Venezuela before they attacked and kidnapped President Maduro. Trump doesn't get to decide who the president of another country is.

"We're talking to Cuba, but we're going to do Iran before Cuba." - Trump

Trump and his cronies want Cubans to suffer:

"They have no money, no oil, no nothing, they have nice land, nice landscape, it's a beautiful island... Whether I free it, take it, I think I can do anything I want with it."
—President Trump

"No oil, No travel, No oxygen." - Reps. Gimenez, Diaz-Balart and Salazar Cuba is in "a lot of trouble... I don't think it's any mystery that we are not big fans."
—Secretary Rubio

"Cuba is next [after Iran]. They're gonna fall!"
—Senator Graham

Bombs aren't falling, but kids are dying.

The U.S. oil blockade and economic warfare are causing widespread damage in Cuba. There are nationwide blackouts, food shortages, and looming health crises. Hospitals are without power, putting thousands of patients at risk. Garbage trucks have no gas and mosquitos can't be sprayed, leading to increases in diseases. Schools are closing and kids are going hungry. Children with treatable cancers are already dying. Cubans are blocked from buying life-saving medicine.

Cuba isn't facing a humanitarian crisis, it's facing a crime against humanity.

Send a letter to your Senators urging them to pass the Cuba War Powers Resolution.
