MOTHER'S DAY CALL TO END WAR

Mother's Day is rooted in a call from Mothers to end war. In 1872, Julia Ward Howe declared the first "Mother's Day for Peace" when she sounded the call to,

“DISARM, DISARM!”

This year, we will heed Julia's call and bring together our grandmothers, mothers, daughters, aunts, children and all who want to work for an end to militarism, violence, war, occupation, and genocide .

Stand with mothers in Palestine, Cuba, Venezuela, Iran, China and all people affected by US Militarism. Our tax dollars should go towards life affirming resources for mothers and families here in the belly of the beast — not breaking apart families here and all over the globe.
