AMERICAN MEDICAL ASSOCIATION:

SPEAK UP FOR YOUR PALESTINIAN COLLEAGUES

In December 2024, Dr. Hussam Abu Safiya was illegally abducted by the Israeli military during the raid on Kamal Adwan Hospital. He remained at his post for his patients even while his hospital was being besieged, and now he's being tortured in illegal detention.

DELEGATES TO DEMAND THAT THEY
ADVOCATE FOR DR. ABU SAFIYA'S RELEASE!**

Israel recently legalized the execution of Palestinian prisoners. We must act now before it is too late. The AMA has the prestige and leverage to bring mass attention to this case by calling publicly for Dr. Abu Safiya's immediate release.

Medical Institutions have the moral obligation to publicly condemn the U.S. and Israel's targeting of health infrastructure in Palestine.
