

WHAT'S NEXT? WINNING ON NOVEMBER 4TH AND OTHER CRUCIAL ACTIONS TO TAKE RIGHT NOW

No Kings Day on October 18th was the largest peaceful protest in American history. You helped make that happen! Now, with fresh eyes, new energy, and more people, let's take the next set of actions to block the abuses of this administration and build for our future.

Here at **CTD**, our core mission is to win electoral races. We have sent out over 600,000 postcards this year for November's key races, and **we are still bringing in the vote during the critical GOTV time on the phones, through canvassing and texting. We hope you will join us during this last critical week** to do everything we can to bring in every voter to the polls.

After October 18th, we not only renewed our strength as a community, but

people all across the land, from big cities to small towns, have also woken up. They see they are not alone, and want to take action. Let's do everything we can to bring Americans together, no matter their political affiliation, to take actions to block authoritarian rule and build for America's future.

TIME TO MAKE SURE WE WIN ON NOVEMBER 4TH! 10 MORE DAYS!

PHONE BANK AND CANVASS FOR A WIN IN NOVEMBER!

CTD is phone banking for California's Prop 50 and Virginia's House of Delegates races. We are doing everything we can to bring in the vote through critical get-out-the-vote calls in Southern Rural Virginia and with low-propensity voters in California. Will you help us make these last calls? Voters need help making a plan to vote so that they can successfully cast their ballot. That is where you come in. We are helping voters make a plan to vote and get them to the polls. Will you join us?

Don't know how to phone bank? Mailed your last postcard? There is still time to learn or just get started. We need everyone on board. **Join a phone bank to make sure it's on your calendar.** We provide training at each session and also have a dedicated training time for beginners on Tuesdays from 3 PM to 4 PM. CANVASS CALIFORNIA

We know it works. Talking to voters where they live is an experience to remember and has been shown to have a high impact on voter turnout. This canvassing is about policy, not a candidate. That makes canvassing easier and provides more opportunities to communicate with your local community members. Democratic Clubs are canvassing all over California. Will you join them for these next eleven days? [SIGN UP HERE](#)

STOP THE HEALTH CARE HEIST

Call Congress Together

The No Kings community had a [mass call](#) on Tuesday night. **The urgent action for this week is to call our Senators.** The Senate is in session and votes are being taken. The Republicans could stop the shutdown in an instant if they worked with Democrats and extended health care to American citizens. It is really that simple. We have leverage right now. Ripping away health care from millions and funneling the money to billionaires is deeply unpopular. So let's make the following calls.

1. Call Democratic Senators and thank them for holding the line. They need to know their constituents, and this majority in this country is behind them.
2. Call Republican Senators and tell them to work to pass a bipartisan bill that preserves our health care, and then open back up the government.

You can join us with one of our wonderful leaders to make the calls together. That makes sure you have it on your calendar, and calling together is truly fun! [Sign up here!](#)

Today, we are asking you to help us raise the funds to conduct **TEXT BANKS** to GOTV for **PROP 50** and for **VA**. We will have the data to tell us who has voted and who has not. It is most effective to text voters who have not submitted their ballots 3 days before election day to urge them **VOTE**. Many voters do not even know there is an election and, if they do, may not know about **PROP 50** or the urgency to vote for Democrats. GOTV texting is effective and we need your help to fund the program. Please make a

donation today!
