

Healthy Country Planning Training

Registrations are open for a 3-day intensive Healthy Country Planning Training course in conjunction with the Conservation Coaches Network Rally 2018 in Katoomba / NSW. We use in the course the well proven interactive adult learning approach developed by the Conservation Coaches Network over the years - groups working together using either their own, or supplied case study materials, and exposing their work to other groups for feedback. The course is delivered by a team of experienced coaches of the Conservation Coaches Network Australia.

COURSE CONTENT:

Healthy Country Planning is an adaption of the internationally recognised Open Standards for the Conservation of Nature adaptive management framework.

The course will introduce the concepts, steps and structures of the Healthy Country Planning framework. Participants will work in small teams to apply those steps through the entire adaptive planning and management cycle and learn how to integrate Healthy Country Planning steps into a powerful, ongoing planning and management framework.

REGISTRATION:

To register follow the prompts and we will send you a confirmation and invoice. You need to pay the invoice to secure your place.

http://www.conservationmanagement.com.au/ccnet_rally_hcp_2018

OUTCOMES:

The knowledge gained is readily implemented and applicable for use in a diverse range of protected areas, including those managed by governments, non-government organisations, private landholders and Indigenous communities.

The approach is also applicable to conservation projects and property planning and management at any scale. It is increasingly used by government and non- government agencies across diverse jurisdictions and geographies.

WHEN: 27th of April – 29th of April

WHERE: Jemby Rinjah Eco Lodge / Blackheath NSW

COST:

900.00 AUD (includes: 4 night accommodation in shared cabins, meals during the course (Thursday evening – Monday morning), and tuition & course materials).

Please advise on dietary requirements and allergies as soon as possible. The venue is not licensed.
