Subject: Request for Support for Delivering Community Power

Dear Municipal Leaders,

In 2016, the Canadian Union of Postal Workers, with a coalition of allies, launched [Delivering Community Power](#) – a visionary program for Canada Post to confront climate change, promote better access to expanded services, bring financial inclusion to unbanked and underbanked communities, and address other social inequalities – all by making the most of our existing public postal service network.

Today, while progress has been made on many of the initiatives in the vision, the situation has become more urgent. Effects of climate change are deadly and are affecting nearly every part of society all around the world. The COVID-19 pandemic has revealed the need for a more equal, more resilient society that prioritizes the health of our most vulnerable neighbours and loved ones, before profit. We are relying more than ever on the internet to connect people and to do our business, but rural residents are getting second-class service.

The continuing decline of letters combined with a dramatic rise in parcels from e-commerce makes it plain to see: the postal service has to adapt to a new reality. This is a great opportunity to address multiple problems at once, with a valued public infrastructure that connects everyone in their own community.

Please consider proposing the attached resolution to have your municipality endorse the campaign for expanded services, financial viability, climate action, and – all through leveraging our public postal system. The time is now!

Thank you for your support!

Jan Simpson
National President
Canadian Union of Postal Workers

SUPPORT DELIVERING COMMUNITY POWER

Whereas there is an urgent need for banking services among the unbanked or underbanked, given that thousands of villages and rural municipalities do not have a bank branch and more than 900 municipalities have expressed their support for postal banking;

Whereas thousands of Canadians do not have access to affordable high-speed Internet, and the federal government has long promised to bridge the rural broadband gap;

Whereas urgent action is needed to establish a robust network of electric vehicle charging stations;

Whereas to achieve carbon-neutral targets by 2050, Canada Post must greatly accelerate the electrification of its fleet;

Whereas the extensive network of post offices in our communities can provide a wide range of services as community hubs;

Whereas Canada Post's letter carriers and RSMCs can check-in on vulnerable residents to help keep us in our homes longer as we age;

Whereas Canada Post must play its part for a more equitable post-pandemic recovery;

Whereas “The Way Forward for Canada Post,” the report of the 2016 federal public review of the postal service, recommended that Canada Post expand services and adapt its services to the changing needs of the public;

Whereas the Canadian Union of Postal Workers has advanced Delivering Community Power, a vision of the post-carbon digital-age postal service that address the above needs and more;

Be it resolved that endorse Delivering Community Power, and write to the Honourable Helena Jaczek, Minister for Public Services and Procurement, with its rationale and a copy of this resolution.

MAILING INFORMATION

Please send your resolution to: Helena Jaczek, Minister of Public Services and Procurement,
137 Main Street North, Suite 204, Markham, Ontario, L3P 1Y2

Please send copies of your resolution to:

Jan Simpson, President, Canadian Union of Postal Workers, 377 Bank Street, Ottawa, Ontario,
K2P 1Y3
