Sing to the tune of “Jingle Bells”

**Paid Sick Days, Paid Sick Days
That is what we say
If we're sick_ we should stay home,
And not lose any pay - hey!**

**Paid Sick Days, Paid Sick Days
That is what we say
No doctor's notes or bosses threats
If we're sick_ we should get paid!**

[Slight tune change]
**Across Ontario
We'll continue with this fight
Everybody knows
Too many face this plight
An awful scratchy throat
Is not a fancy perk
We shouldn't have to get a note
We shouldn't have to work! Hey!**

**Paid Sick Days, Paid Sick Days
That is what we say
We demand this basic right
To be sick and keep our pay!**

Sing to the tune of "Deck the Halls"

[Chorus]

Now's the time for Fifteen Dollars,

Fa la la la la, la la la la

We need wages we can live on

Fa la la la la, la la la la

[Slight tune change]

Full-time work should keep us healthy

But it's leav-ving us in po-o-ver-ty

Now's the time for Fifteen Dollars,

Fa la la la la, la la la la

We deserve paid holidays

Fa la la la la, la la la la

We need time to spend with family

Fa la la la la, la la la la

[Slight tune change]

Combining jobs to make ends me-eet

Isn't fair and we're rushed off our feet

We need hours that we can live on

Fa la la la la, la la la la

[Chorus]

Now's the time for Fifteen Dollars,

Fa la la la la, la la la la

We need wages we can live on

Fa la la la la, la la la la

[Slight tune change]

Full-time work should keep us healthy

But it's leav-ving us in po-ver-ty

Now's the time for Fifteen Dollars,

Fa la la la la, la la la la

Sing to the tune of "Silent Night"

Workers' Rights, Workers' Rights
Every-one, join the fight
Fight for dignity, justice and peace
On the job and in our workplace
15 and Fairness is Possible
15 and Fairness Today

Workers' Rights, Workers' Rights
Every-one, join the fight
Part-time and full-time deserve equal pay
We shouldn't lose pay to take a sick day
15 and Fairness is Possible
15 and Fairness Today

Workers' Rights, Workers' Rights
Every-one, join the fight
Fight for dignity, justice and peace
On the job and in our workplace
15 and Fairness is Possible
15 and Fairness Today

Sing to the tune of “Walking in a Winter Wonderland”

Workers toil, 'cross the pro-vince
When pay is low, there's no cha-nce
For paying our bills,
for curing our ills
Fif-teenBucks is what we're fighting for!

Premier Ford, you misled us.
We believed you'd defend us.
But now that we know,
We won't follow your show
We're gonna get the province
organized!

[Chorus]

Now it's time for us to tell the Premier
We don't want you rolling back our
wage
We don't want you backing up the
bullies,
We really need to keep our paid sick
days

Premier Ford, are you listening?
Your disregard is really sickening.
We're determined to fight,
We won't give up our rights.
Paid sick days is what we're fighting
for!

Go away, poverty wages
Bring on, decent wages
We're here for the fight,
Ain't going away
Equal pay is what we're fighting for!

[Chorus]

In the New Year you might think we'll
give up.
But we are not prepared to go away.
We intend to keep this movement
going
We'll fight you every step of the way.

Premier Ford, you misled us.
We believed you'd defend us.
But now that we know,
We won't follow your show
We're gonna get the province
organized!

Later on, we'll conspire
We'll organize and inspire,
We will not forget
Ford put us in debt
We're gonna make our province fair
and bright.
