

There is NO child care without child care workers.

Ontario's new child care deal does nothing to address the growing child care staffing crisis. It includes an inadequate \$18 wage floor and no paid sick days.

Without decent work for child care workers, access to quality child care will decline.

All child care workers need:

- A \$25 wage floor
- Permanent paid sick days
- Professional development time
- Paid programming time

Parents and families deserve access to high-quality and affordable child care provided by workers who are treated with respect.
