

TIRED OF GREEDY CORPORATIONS?

SUPPORT metro WORKERS

3,700 Metro workers at 27 stores are currently on strike for better wages, adequate hours, and job security. **If they win their fight, it will make it easier for the rest of us to win decent work.**

DID YOU KNOW?

- Last year, Metro made nearly \$1 billion in profit
- 2023 profits are already 10% higher than last year
- Metro CEO Eric La Flèche pocketed \$5.4 million, including a whopping 15% increase in his bonus

Clearly, Metro can afford to pay its workers fairly.
