

Primary Season Is Almost Over. Our Work Is Not. - Global Black Caucus Community Drumbeat 8/2026

3 Calls to Action

1. 🗳️ Help someone register to vote, request their ballot, and/or double check that you are sorted. Go to votefromabroad.org, or get live help (see below).
2. 📅 Check out the online August [event](#) listings for Democrats Abroad. There's a lot going on.
3. 🗣️ [Have you seen](#) our Caucus Get Out The Vote memes? Where's yours? [Get the details](#) on how you can submit a video.

August brings us close to the end of the 2026 primary season. By the time the month closes, most states and territories will have chosen their candidates for November. But “mostly over” is not over. As of the current primary calendar, four state primaries remain in September: **Massachusetts, New Hampshire, Rhode Island, and Delaware.**

Trained volunteers are here to help you vote from abroad. We won't stop until we've answered all your questions.

1 to 1 Voter Assistance

Live help is available for you, your family, and friends.

For Black voters abroad, this is a moment to stay alert. Primaries shape our choices in November. They determine who moves forward, who speaks for our communities, and who will be accountable for voting rights, economic justice, education, health care, reproductive freedom, climate, housing, safety, and democracy itself.

This month, we also want every overseas voter to know about the [Federal Write In Absentee Ballot](#), often called the FWAB. It is an emergency ballot for overseas voters when there is a chance your official ballot will not arrive back to your home state in time.

Democrats Abroad advises overseas voters to send in the [Federal Post Card Application](#) each calendar year, confirm receipt with their Local Election Official (which you can find via [this page](#)), and use the FWAB when timing is tight.

If your official ballot arrives after you send the FWAB, complete and return the official ballot too. And don't worry! Only one ballot will be counted.

Primary season may be almost over, but **our responsibility is not**. Go to [votefromabroad.org](#) today and find out how to track your ballot. Use the FWAB when needed. Then help someone else do the same.

In solidarity,

Adrianne George
