

2024 Kitchen Table Conversation Topics

Climate and Environment

Discussion points include climate crisis legislation and transformations in the energy sector, renewable energy, agriculture and the meat industry, and biodiversity.

Democracy

Discussion points include electronic ballot return for Americans abroad, disinformation and fake news, gun violence prevention, the national census, and prison gerrymandering.

Economy

Discussion points include inflation, job growth, rural growth, and universal basic income.

Equal Rights

Do you support campaigns that encourage the President and Congress to publish the Equal Rights Amendment? Virginia ratified the ERA in 2020, but the Trump administration blocked the US Archivist from publishing the ERA.

Healthcare

Discussion points include Universal Healthcare Legislation.

Immigration

Discussion points include the closure of U.S. Citizenship and Immigration Services (USCIS) offices abroad, as well as immigration changes in the last 4 years and how these issues and changes affect us.

Reproductive Rights

Do you support affordable access to good-quality family planning, fertility assistance and safe abortion? How do you think the Democratic party should proceed to get our rights back? Many options and priorities are possible but we need your input!

Poverty

Discussion points include a living wage standard and wage inequality.

Taxation

Discussion points include residence-based taxation and the Tax Cuts and Jobs Act of 2017, which is still in effect.
