Holding Them Accountable -

In 2016 the cry that went out at Trump Rallies was, "Lock Her Up." Then the Republicans won all three branches of the Federal Government. Mitch McConnell and Paul Ryan, and the rest of the Republican Leadership in DC all wanted to play nice. We dropped any desire to hold hearings. Funny thing happened 2 years latter when the Democrats were able to barely get control of the House and Senate. They began to hold hearings. Impeached the President twice. For those on the Left, Must See TV is anything against Donald Trump. So much so, that if Trump is not in the news, it seems CNN's rating fall quickly. Trump Delusion Syndrome reigns.

So now that we are in the last Month of the Mid-Term Election. The Red Wave appears to be back on track. The US Senate and House will be ours. If past experience are any way to read the future, then the Republican Leadership will again drop the ball. Now they will not have the White House, nor can we frame the narrative through TV, Print and Social Media, as normal. But should the Republicans act/play nice, or begin warming up the subpoena printers? Do we put Election Integrity, Russia Collusion, Hunter Biden's Laptop on trial? Do we hold hearing on who is running the White House, and make a Federal Abortion Law? Do we dare correct Social Media's involvement in elections? Should we reopen January 6th hearings, with all evidence on the table?

Those who oppose us, will make us feel like Nehemiah trying to rebuild the wall in Jerusalem. There will always be the Sanballat's opposing us, but the American People deserve all the answers. The overstep in government will continue until the cheater go to jail. As much as they will complain, and it may be that Republicans get in trouble too, to help restore our Republic. The Swamp will not give in, but We the People expect it.

In the cause of the right.

John B. Gaither,
Chairman
OCGOP

Vince's Stump -

Kamala Harris said it, but I didn't understand it (not surprisingly) but Byron York explained it in an article in the Washington Examiner. The Democrats want to win 52 or more seats in the Senate this time around so they can abolish the filibuster and pass their radical agenda. Why at least 52? Because they know they can't count on Joe Manchin and Kristen Sinema to go along with their plans, but if they can get 52 or more they won't need their votes. The first thing they want to do is codify Roe V Wade to allow for abortion up until the moment of birth. They then want to pass "voting rights" legislation to nationalize elections, allow ballot harvesting, do away with voter id and guarantee that they will never again lose an election. Having abolished the filibuster they will then pack the Supreme Court, continue with wide open borders, give citizenship to illegal aliens, add Washinton D.C. and Puerto Rico as states (thus guaranteeing a permanent Democrat majority) and continue spending the country into bankruptcy. We cannot allow this to happen. They have already done almost irreparable damage to the country with their slim majority in the Senate. This must stop. The only way is to vote them out of office.

"It has been reported recently (of course not in the legacy media) that the Biden Administration has awarded a 41 million dollar contract to a "non profit" to assist them in fighting deportation of illegal aliens. Taxpayer dollars going to this. Insanity.

Also a story out of Pennsylvania. Almost a year ago a pro life father of seven was outside an abortion clinic with his twelve year old son praying. A pro abortion lunatic continued to harass his son. The father defended his son by pushing the man away. He fell and injured his finger, requiring a band aid. The "injured" person filed assault charges, but radical DA Larry Krasner declined to press charges. The "injured" filed a civil suit but it was thrown out of court. Enter the Biden Administration "Justice" Department almost a year later. They filed charges and sent between 15 and 30 heavily armed FBI agents to arrest the man at his home in front of his family. The man had offered to turn himself in at the FBI office but this was not acceptable.

In the meantime there have been seventy attacks and vandalism at pro life center recently, including one at my church (Holy Family in Hillsborough) and not a single arrest. It is very clear that Biden's "Justice" Department is politicized. They just want to send a message to us all. Stand in our way and we will bring the full force of the government down on you. This is not an isolated incident. Look what they did to Roger Stone and other Trump supporters. Also two days ago Biden went to a democrat fundraiser and was looking for a Congress woman who died in a car accident a month ago. "Where's Jackie"? Talk about cognitive impairment. And Kamala Harris was at the DMZ in South Korea and talked about our alliance with NORTH Korea.

And Bidens press secretary continues to lie and make lame excuses for Biden. The whole world is laughing at us.
