WHY DO THEY TURN ON EACH OTHER -

How long have I reminded you that you cannot out Woke the Woke. Well the left has reached a new high. Look at the problems they are causing on College campuses like Harvard, Cornell and George Washington and others across the country supporting Hamas. The people who decry the Republican Party for being in their eyes as racist, are in fact showing their true stripes. If you recall, the conservatives in Orange County stood up and called foul when Linda Sarsour was paid taxpayer money to come and give a speech in 2019. Since the Attack in Israel in October, many other groups have shown their Anti-Semitic colors. Protest in Durham, closing down the Durham Freeway, allow the protesters to go free with no arrests. Renee Price (D-House Dist 50) stepped out of a Vote in support of Israel, while Graig Meyer (D-Sen Dist 23) voted with other Democrats against a State Senate bill in the Hamas attacks. I wonder how their Jewish supporters feel about their deceit? Our President in his own way is also complicit, by giving Iran the money it uses to continue to support terrorism in the Middle East. The Billions given to build schools, hospitals, infrastructure has gone to fund tunnels and other terrorist activities.

When a Pro-Palestinian College Student shout's, "*From the River to the Sea*," they are calling for the Genocide of a great and proud nation. No one wants peace more than Israel, but there are many who would do all they can to destroy that peace. That is why when Prime Minister Benjamin Netanyahu says, "*We did not start this War, but we will finish it.*" you can believe the time for restraint has past, and the time for retaliation has begun.

CONSERVATIVE COMMENTARY –

I am honored and grateful to be able to say a few words about what's going on in Israel. Most of you know about the horrific attacks against Israeli citizens. Elderly people pulled from their wheelchairs and burned alive, children and babies beheaded. While most people go about their business as usual, we in the Jewish community can think of nothing else while friends and family members are kidnapped and murdered. We are not OK.

Any decent person is horrified by these attacks, but there are those in this country who are cheering. Just a few days ago students at UNC held a rally FOR Hamas. Right here. In this county. It's beyond belief, but I was there. Young people don't remember the horror of Islamic terrorism that America suffered on 9/11. Now, many support it! How has it come to this? Years of leftist indoctrination, and Democrat appeasement of America's enemies. Biden's disastrous policies are too numerous to count, but while the focus has been on China, terrorism has been forgotten. Biden has funded Iran, the world's largest sponsor of terrorism, and UNWRA, which pays terrorists to kill Jews. The more Jews they kill, the more money they get. Trump cut off their funding, but Biden started it back. How many terrorists are now coming across our open border?

We are all in danger as long as Biden is in office. We must get rid of him and his leftist handlers. We need to elect Republicans to fix the Biden administration disasters.

But first and foremost, Joe must go!

Dr. Amy Rosenthal,
Rogers-Eubanks Pct Chair
Chapel Hill, NC
