▼ Objective

Seeking to be appointed for UCPS School Board. I have strong conservative values and believe that I **could be a** valuable addition not only to the School Board, but to the surrounding communities. I am wanting to **make a** difference not only in my community, but in our state. This is my "foot in the door" to get into the political aspect goals.

▼ Experience

Experienced coach and community leader with skillsets in organization, problem-solving, and team building exercises. Successful in basic fundamentals for customer, community, and business satisfaction. Looking to always inspire and motivate while remaining respectful of differing backgrounds and values.
