METHODOLOGY

This survey was fielded from May 15–16, 2026, among 596 likely Republican primary voters in Utah County. Respondents were chosen from a voter file provided by i360. Text messages containing a link to an online survey designed by the State Navigate Polling Team and hosted on the SurveyMonkey platform were sent to respondents by AllianceForge. The survey was weighted by age, race, gender, education, and region with benchmarks derived from the voter file and previous election results. The margin of error is 4.0% with a 95% confidence interval. The survey was designed by State Navigate and Doers Network and **conducted by State Navigate**. This survey was not sponsored by any party, candidate, or candidate's committee.

POLLSTER NOTES AND ANALYSIS

This section contains analysis and interpretations prepared by State Navigate and does not necessarily reflect the views or positions of Doers Network.

CHAZ NUTTYCOMBE ON HOME BASES

There are favorite sons, but not daughters.

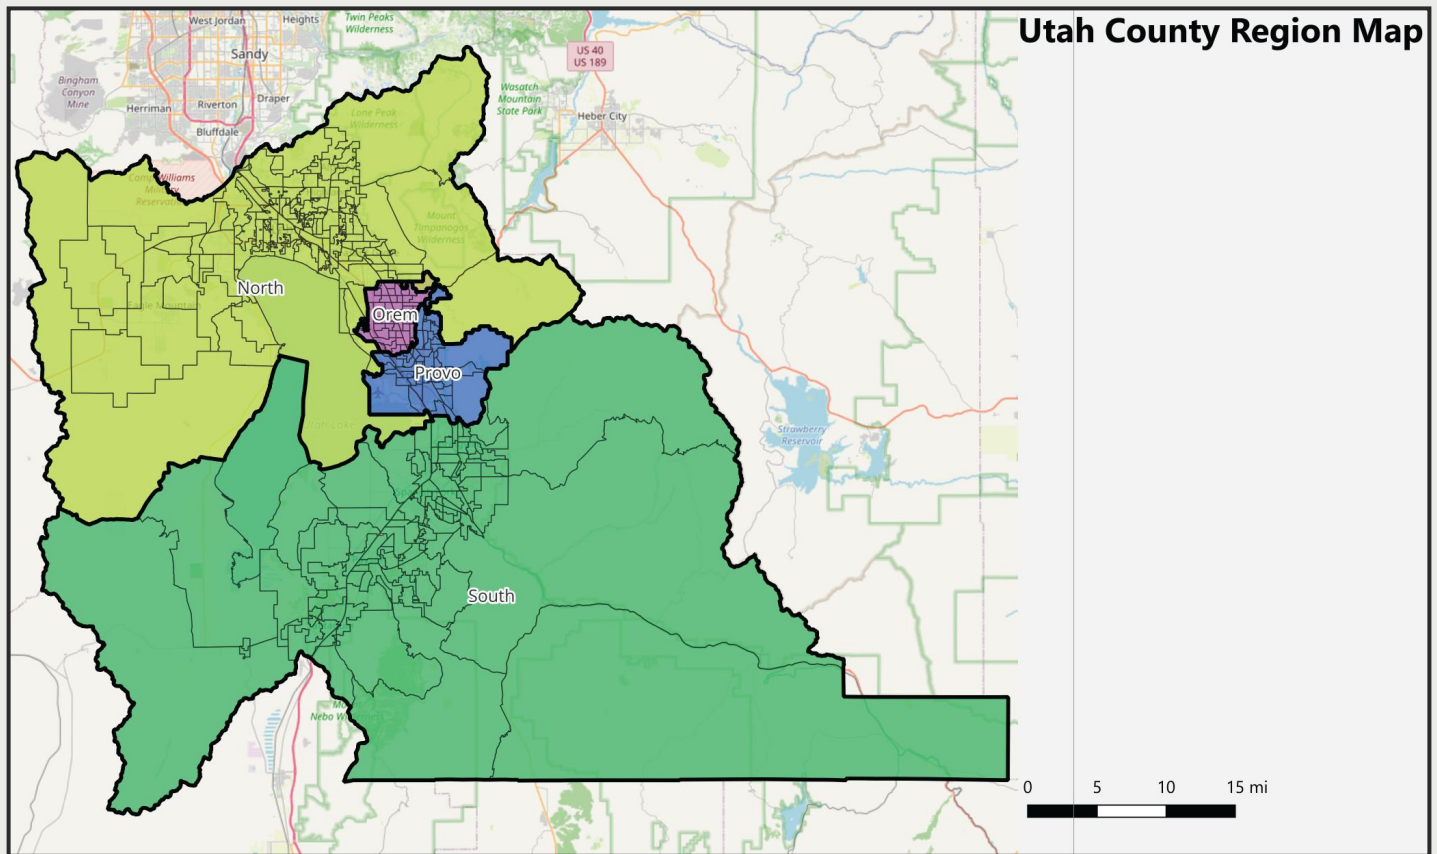

Spencer is dominating his home of Orem, holding 29% of the vote there to Herrin's 9% and Paxman's 4%. Paxman is similarly overperforming in his home of Provo with 15% to Herrin's 14% and Spencer's 7%. Herrin, however, doesn't have a visible hometown support effect: she's tied with Spencer in the Southern part of the district. However, that's comprised of several cities and communities, so she is probably doing well in her hometown.

MARY RADCLIFFE ON RESULTS VS. PRINCIPLES

Results voters lean Herrin; principles voters lean Spencer.

There's a clear divide between voters who prefer a results-oriented candidate and a principled candidate in the County Commission B results. Among the 37% of respondents who say they prefer a candidate to compromise in order to get results, Herrin holds the lead with 16%, followed by Paxman at 10% and Spencer at 8%. Among the 50% of respondents who say they prefer a candidate who stands on principle, Spencer leads with 17%, followed by Herrin at 9% and Paxman at 7%. However, with large numbers of undecided voters at this stage of the race, these dynamics are certainly subject to change as voters tune in over the coming weeks.

ABOUT DOERS NETWORK

OUR MISSION

The Utah Doers Network gets results-oriented conservatives elected by delivering the 10%+ vote shift that determines who wins — and who loses — primary elections.

THE PROBLEM

Performative politics spreads quickly through outrage and noise. We exist to out-organize the noise with disciplined, relationship-driven infrastructure.

HOW WE WIN

01 WE BACK PROVEN DOERS

We endorse Utah conservatives with a track record of local results.

02 WE PLUG THEM IN

Kitchen cabinets. Advisory boards. Community leaders. One network of Utah's most influential conservatives.

03 BEST-IN-CLASS INFRASTRUCTURE

Better tech, teams, and outreach. Doer campaigns are faster, smarter, and more efficient from day one.

04 WE DELIVER THE MARGIN

Our goal is to move 10%+ of the vote in key primaries — the difference between winning and losing.
